SUMMARY OF ESTIMATES AND RECOMMENDATIONS

Federal Funds

Budget estimates for Federal funds considered by the Committee were submitted in the Budget of the United States for 1987 (House Document No. 99–143) and totalled $560,380,000. Included in the request is a Federal payment of $444,500,000, including $19,500,000 requiring additional authorizing legislation, $28,810,000 for water and sewer services furnished to the Federal government, $52,070,000 for a Federal contribution to the city's three retirement funds, and $35,000,000 for Saint Elizabeths Hospital.

The Committee has not approved language submitted in H. Doc. No. 99–184 relating to the Federal payment increase of $19,500,000. A discussion of the Committee's action on this amendment appears under "Federal Payment" on page 10 of this report.

The bill includes $540,880,000 in Federal funds for fiscal year 1987, including a Federal payment of $425,000,000 which is $19,500,000 below the request and the same amount that was appropriated for fiscal year 1986.

District of Columbia Funds

A total of $2,989,598,000 was requested in District of Columbia funds for fiscal year 1987 consisting of $2,624,197,000 in operating expenses and $365,401,000 in capital outlay funds. These estimates were submitted in the District of Columbia Budget for 1987 printed as House Document No. 99–206 and received by the Congress on April 22, 1986.

The Committee recommends approval of the total request of $2,989,598,000 for fiscal year 1987 from District of Columbia funds consisting of $2,624,197,000 in operating expenses and $365,401,000 in capital outlay funds.

Comparative Summary of Bill

The following table summarizes the amounts recommended in the bill compared with appropriations enacted for fiscal year 1986 and budget estimates presented in fiscal year 1987:

Committee Action on Estimates

OPERATING EXPENSES

The Committee considered a net increase in the general fund of $154,097,000 or 6.7 percent above the 1986 appropriated level and $204,460,000 or 9.1 percent above the 1987 adjusted base which reflects the 1986 appropriation less non-recurring items approved in the 1986 budget.

CAPITAL OUTLAY

The capital improvements budget submitted by the District totals $365,401,000 and includes $310,551,000 which will be financed from the general fund and $54,850,000 from the water and sewer enterprise fund.

GENERAL STATEMENT

Drinking Age in the District

The Committee remains deeply concerned that the District of Columbia has not raised its legal drinking age to 21 years, and, in fact, remains the only jurisdiction on the East Coast not to act to protect its young people. This has become an issue of public health and safety that affects District residents as well as their neighbors in surrounding communities.

Responding to Congress' recognition that drunk driving is an issue of national concern, 44 states have now adopted the 21-year minimum drinking age. Remarkably, the District of Columbia remains the only jurisdiction in the entire United States selling alcohol to 18-year-olds, with the exception of Colorado where the more diluted 3.2 percent beer is sold. The Committee considers this a dubious distinction for the Nation's Capital, and the District's refusal to conform with the rest of the country continues to jeopardize its relationship with the Congress.

The Metropolitan Washington Council of Governments and the Washington Regional Alcohol Program have urged the District to adopt 21 as its minimum drinking age. Numerous District of Columbia agency heads and department directors have acknowledged their support during subcommittee hearings for a 21-year minimum drinking age in the District of Columbia as well.

If the District fails to adopt 21 as its minimum drinking age, it will have approximately $2,500,000 in Federal highway funds withheld on October 1, 1986, and $5,000,000 on October 1, 1987, and every year thereafter. There is no question that the loss of these funds will have a major detrimental effect on the District's highway projects. However, failure to address this issue expeditiously will jeopardize much more than millions of dollars in highway funds. It will put at serious risk the lives of both the young people who come to the District to drink and innocent motorists of all ages who have the misfortune to encounter them on regional highways and streets. The Committee once again calls on the District to act now to adopt a 21-year minimum drinking age.

Corruption in the District Government

The Committee is concerned that the District of Columbia government take more forthright action with regard to the problems of corruption and alleged mismanagement that have come to light during the past year. Illegal personal gain, or the appearance thereof, has undermined the confidence of both the Committee and the employees of the District government. The Mayor recognizes this when saying that even suspicion about corruption masks all of the positive things that are being accomplished, and he has stated that the city may be 99 percent pure but must strive for 100 percent.

While cities across the country have their problems from time to time, this does not exempt or excuse the District of Columbia from displaying the proper moral tone of the highest integrity and honesty. The Committee recognizes that the city's leaders have made efforts to reinforce ethical standards. The Chairman of the City

Council testified that Washington is held to a "higher standard" and should not settle for the level reached in other cities.

The Committee feels that the level of corruption and the level at which corruption has taken place have reached difficult proportions and urges the Mayor and the City Council to continue their efforts to address these problems.

Metropolitan Regional Drug Authority

The Committee is extremely concerned over the use and effects of alcohol and drugs in the public school systems in the Washington metropolitan area. The Committee is aware that part of the problem occurs because of the ability of drug pushers to evade apprehension by moving from school to school within the District of Columbia and across its borders to surrounding jurisdictions.

The Committee, therefore, encourages the Board of Education and the Superintendent to explore methods or options to address this serious problem by consulting with their counterparts in the metropolitan area as well as across the Nation.

Student Drop-Out Prevention Program

The Committee fully supports the Early Intervention Drop-Out Prevention Pilot Program funded with a special Federal payment of $150,000 in fiscal year 1986. The Committee encourages the Board of Education and the Superintendent to continue their efforts to reduce the student drop-out rate and looks forward to receiving a report prior to next year's hearings.

The Committee urges the Board to identify funds for this program within the school's total fiscal year 1987 operating budget of $385,806,000. The Committee is confident that this will be done based on the Superintendent's testimony during the hearings when she stated that program personnel are being trained at the present time and student involvement in the project is scheduled to begin in June of 1986 and extend through the summer months until June of 1987.

The Committee feels that follow-up and monitoring of the students involved are essential to determine the success of the program, and commends the Board and Superintendent for their leadership.

Gypsy Moth Infestation

Gypsy moth infestation has become a significant problem in certain areas of the District and promises to get worse in the years ahead. The city's hardwood trees, which have taken years to grow, are being defoliated and threatened with destruction. Residential neighborhoods and park areas are faced with the possibility of long-term damage.

The city has already made some attempt to address this problem, but clearly a more vigorous effort is required. A comprehensive public information program should be developed describing the nature of the gypsy moth threat and giving specific instructions on what individual citizens can do to help control the problem. Secondly, a regional spraying program including aerial spraying if

necessary must be undertaken. In order for a regional spraying program to be successful, cooperation from other area jurisdictions, including the National Park Serivce, is required. Planning for these activities must begin now so that action can be timely and effective when the infestation reemerges next year. The Committee therefore urges District officials to develop a comprehensive plan for gypsy moth eradication/control by January 31, 1987, for implementation at the appropriate time.

Taximeters

The Committee has deleted the language in section 106 of last year's bill prohibiting the installation of meters in taxicabs. The Committee directs the new Taxicab Commission to study the taximeter issue as well as the present uniform zone system and other systems and to report to the Committee 90 days *prior* to taking any action which will result in changing the present system.

Fire Engine Company No. 3

The Committee continues to be concerned about fire protection in Ward 2 of the city and reaffirms its directive in last year's report that Engine Company No. 3 located at 439 New Jersey Avenue, N.W., not be closed or transferred to another location. The Committee wishes to make it clear to District officials that under no circumstances is any action to be taken to close or transfer Engine Company No. 3 *until 90 days after* the Committee has approved a report from District officials explaining why the facility should be closed or transferred. The intent of this requirement is to ensure that Engine Company No. 3 continues to be fully manned and staffed until the *91st day after the Committee has approved the District's request* to close or transfer the facility.

District officials should not assume that their request to close or transfer Engine Company No. 3 will be approved by the Committee, and then based on that assumption move ahead to reduce the manning and phase-out the facility at its present location. Should the Committee decide against approving the District's request, Engine Company No. 3 is to remain open and fully manned and staffed at its present location at 439 New Jersey Avenue, N.W.

Parking Problems

The Committee is concerned over the apparent lack of concern by some District officials over the inadequate number of convenient parking spaces available in certain areas of the city. However, the fact that this has been allowed to occur is not surprising based on testimony presented during this year's hearings.

The Committee encourages the District's Office of Planning and the Deputy Mayor for Economic Development to consider and address this issue when development projects are in the discussion stage and prior to those projects being approved.

Residency Requirement

The Committee requests that the District undertake a comprehensive study to determine the impact of the city's residency re-

quirement on its ability to fill needed jobs and the impact the requirement has had on the local economy. The study should also look into alternatives such as preferential or bonus points for District residents. Among other data, the study should show how many employees live outside the District, how many new hires who live in the city now would not live here if there were no residency requirement, and what percentage of jobs were held by non-residents prior to the residency requirement and how that has changed. The Committee would urge that the study be truly comprehensive and look into all aspects, both pro and con, of the residency requirement and be conducted by experts.

The Committee further requests that the completed study be submitted by March 31, 1987.

Glenn Dale Hospital Property

Prior to its closing in 1981, Glenn Dale Hospital was the District's long-term care facility located on approximately 200 acres in Prince Georges County. On February 28, 1984, the Federal Government filed an action on behalf of the General Services Administration in the United States District Court for the District of Maryland. The Federal Government sought to eject the District and enjoin its attempts to lease the property. The case was appealed to the United States Court of Appeals for the Fourth Circuit, and on April 14, 1986, the court held that "Congress intended for the District to possess and use the property until legislated to the contrary."

The Committee is aware that both the District Government and the Prince Georges County government have established task forces to examine options for the future use of the property. The Committee is concerned, however, over the lack of visible progress by the task forces, both individually and collectively, toward a plan for future use of the site.

Now that the issue of possession and use has been resolved by the court, the Committee expects the two governments to increase their efforts to resolve issues surrounding the present and future use or disposition of the property. The Committee will continue to monitor the activities of both governments.

Continued Improvements in Justifications

The Committee commends the District's Budget Office for the continued improvements in the budget justifications. Explanations are more detailed and the improvements in the numbering system for tracking and explaining changes have enhanced the usefulness of the documents.

The Committee once again directs that no changes be made in the justification forms or material unless approved by the Committee.

Financing of Maintenance Projects

The Committee is pleased that District officials are once again taking more care in differentiating between "capital" and "maintenance" projects, and are proposing to fund maintenance projects as

pay-as-you-go capital projects with current operating revenues while using long-term borrowings to finance true capital projects. This unquestionably benefits District taxpayers since it eliminates the need for debt service costs which could run for 15 to 30 years while the life of a maintenance project in many cases is less than five years. The Committee urges District officials to increase the percentage of the capital program that will be funded from current operating revenues on a pay-as-you-go basis.

The budget as presented to the Committee included budget authority for these projects under both the operating and the capital budgets. The Committee has approved language under "capital outlay" which requires that funding of these pay-as-you-go projects be only from current general fund operating revenues.

A listing of these projects follows:

PAY-AS-YOU-GO CAPITAL PROJECTS

[In thousands of dollars]

Project No.	Project name	Total capital authorization request	Operating budget outlays, fiscal year 1987
072	DHCD: Repairs and renovations to public housing facilities	2,000	2,000

	Total, pay-as-you-go projects	11,000	10,298

[1] The project was first authorized in fiscal year 1985. In fiscal years 1985 and 1986, $224,000 and $478,000 were funded, respectively, out of the operating budget for this project.

TOTAL RESOURCES

Based on recommendations in the bill, a total of $3,849,051,000 and 40,479 positions will be available to the District government during the next fiscal year. Included in this figure are appropriations from District funds recommended in the accompanying bill as well as Federal and other grants and reimbursements. The financing of appropriations from District funds is from the Federal payment and revenues from various local taxes, fees, charges and other collections received by the District government.

FEDERAL FUNDS

A total of $1,163,629,000 in Federal funds will be available to the District of Columbia government during fiscal year 1987. Included in this total are the Federal payment, the Federal contribution to local pension funds, Federal reimbursement for water and sewer services furnished to Federal facilities, and payment for Saint Elizabeths Hospital. Other Federal funds will be received by the District through Federal grant programs. In addition, Federal reimbursements are received from such programs as medicaid and medicare.

The following table summarizes the various Federal funds estimated to be available to the District government during fiscal year 1987.

Federal funds

[2] Includes $19,500,000 which requires additional authorizing legislation.

FEDERAL PAYMENT

The Committee recommends a Federal payment of $425,000,000 for fiscal year 1987, which is $19,500,000 below the request and the same as fiscal year 1986, and represents 21.4 percent of the anticipated general revenue local collections for fiscal year 1987. The Federal payment is presently authorized at $425,000,000 and the reduction of $19,500,000 below the request of $444,500,000 reflects the amount which requires additional authorizing legislation.

Budget amendment.—The Committee has not approved the language included in the budget amendment submitted in H. Doc. No. 99–184, which designated $20,000,000 of the $444,500,000 Federal payment request as the amount appropriated in fiscal year 1986 for fiscal year 1987 construction costs of a new prison in the District. The increase of $19,500,000 in the Federal payment request of $444,500,000 submitted in the President's original budget for fiscal year 1987 (H. Doc. No. 99–144) reflected a 4.6 percent inflationary increase over the $425 million base which had not been increased since fiscal year 1985.

The Committee reminds the Office of Management and Budget that the $20,000,000 referred to in the budget amendment has already been appropriated in the fiscal year 1986 bill and therefore does not require reappropriation as apparently assumed by the budget amendment.

According to the President's original fiscal year 1987 budget (H. Doc. 99–144, page I–Z16), the Federal payment request of $444,500,000 "is intended to defray expenses of the government of the District of Columbia." There is no mention whatsoever that the increase of $19,500,000 is related to the $20,000,000 for prison construction. In fact, the amounts are not even the same.

The Committee expects the $20,000,000 appropriated in fiscal year 1986 to be made available to the District of Columbia in accordance with the requirements set forth in the District of Columbia Appropriation Act for 1986 (H.R. 3067), as enacted by reference in section 101(c) of Public Law 99–190, approved December 19, 1985.

A table showing the Federal payment and its relationship to local revenue collections for fiscal years 1951 through 1987 follows:

FEDERAL PAYMENT COMPARED TO DISTRICT OF COLUMBIA GENERAL REVENUE LOCAL COLLECTIONS

[Dollar amounts in thousands]

Fiscal year	Federal payment appropriated (general fund)	General revenue local collections	Federal payment as a percentage of general revenue local collections
1951	$9,800	$97,866	10.0
1952	10,400	102,398	10.2
1953	10,000	104,823	9.5
1954	11,000	105,456	10.4
1955	20,000	114,808	17.4

HISTORY OF FEDERAL PAYMENT

The Committee is including the usual history of the Federal payment and its relationship to the District's appropriated budget going back to fiscal year 1921. Figures for fiscal years 1921 through 1975 reflect general fund appropriations only, while appropriations from 1976 through 1980 are for operating expenses from all sources which include the general fund as well as the water and sewer fund. Appropriations for 1981 through 1987 estimates include operating expenses from the general fund only:

The history referred to follows:

FEDERAL CONTRIBUTION TO PENSION FUNDS

The Committee recommends approval of the Federal contribution of $52,070,000 to the Police Officers and Fire Fighters, Teachers and Judges Retirement Funds as authorized by the District of Columbia Retirement Reform Act (Public Law 96–122, approved November 17, 1979). This is the eighth of 25 annual Federal payments which will total $1.3 billion and will cover a portion of the unfunded liability attributed to former District employees who retired before January 2, 1975 when home rule took effect. The Federal government's contribution will finance 80 percent of the liability for those who took normal service retirement and one-third of the liability for those who retired under disability.

PAYMENT FOR FEDERAL WATER AND SEWER SERVICES

A total of $28,810,000 in Federal funds is included in the bill as a payment to the city for water and water services as well as sanitary sewer services furnished to Federal facilities in the District.

TRANSITIONAL PAYMENT FOR SAINT ELIZABETHS HOSPITAL

The Committee recommends $35,000,000 to assist in financing Saint Elizabeths Hospital as part of a six-year plan authorized under Public Law 98–621, approved November 8, 1984, to transfer administrative and financial responsibility from the Federal Government to the District Government by 1991.

FEDERAL GRANTS

The District of Columbia participates as a State, county and city in the various Federal grant programs. Funds from these grants are in addition to those included in the accompanying bill. At the time the fiscal year 1987 budget was submitted, the city estimated that it would receive a total of $589,134,000 in Federal grants during the coming fiscal year.

The following table shows the amount of Federal grants the city expects to receive and the office or agency that expects to receive them:

Balanced Budget Recommended

The Committee is recommending a balanced budget in accordance with the District government's request. It is estimated that sufficient resources will be available from current revenue authority and pending authority to finance the operating expenses. A financial plan for each of the seven categories of operating expenses—(1) general fund, (2) water and sewer fund, (3) Convention Center fund, (4) Lottery and Charitable Games fund, (5) Cable Television fund, (6) University of the District of Columbia fund, and (7) D.C. General Hospital fund, follows:

COUNCIL OF THE DISTRICT OF COLUMBIA

The Committee recommends a total of $7,055,000 and 165 positions for the operation of the legislative branch of the District of Columbia government. This is an increase of $720,000 and 13 positions above the fiscal year 1986 level. The Committee has approved $397,000 and 13 Research Specialist positions, one to be assigned to each Council member, $191,000 for fiscal year 1987 pay adjustments, $61,000 for within grades, $46,000 for severance payments, and $25,000 for terminal leave payments.

OFFICE OF THE DISTRICT OF COLUMBIA AUDITOR

The Committee recommends a total of $689,000 and 18 positions for fiscal year 1987, an increase of $41,000 over the 1986 adjusted base with no change in the number of positions. The Home Rule Charter requires the District of Columbia Auditor to audit annually the accounts and operations of the District of Columbia government and to certify revenue estimates in support of the annual budgets and municipal bond sales. The Auditor monitors, assesses, and reports on District of Columbia government operations to promote economy and efficiency in the government.

The Committee has approved increases of $25,000 for fiscal year 1987 pay adjustments, $14,000 for within-grade requirements and $2,000 for telephone services for new staff approved in fiscal year 1986.

ADVISORY NEIGHBORHOOD COMMISSIONS

The Committee has approved the requested appropriation of $1,072,000 for the Advisory Neighborhood Commissions, the same level as fiscal year 1986. The Advisory Neighborhood Commissions are responsible for advising the District government on matters of public policy in areas such as planning, transportation, social services programs, health, safety and sanitation, especially as they relate to their respective neighborhood commission areas.

OFFICE OF THE MAYOR

The Committee recommends $2,005,000 and 39 positions for fiscal year 1987, an increase over fiscal year 1986 of $277,000 and six positions. The Mayor, as chief executive officer of the District of Columbia government, has overall responsibility for the implementation of programs and the administration of District agencies. The Committee has approved $162,000 and six new positions for additional staff support for the Mayor's immediate office, the Labor Liaison Program, the Office of Boards and Commissions, and the Office of Community Services, $56,000 for fiscal year 1987 pay adjustments, $21,000 for within-grade requirements, and $38,000 for printing.

OFFICE OF THE SECRETARY

The Committee has approved the request of $2,431,000 and 34 positions for fiscal year 1987, an increase of $56,000 over fiscal year 1986 and a decrease of three positions. The Secretary serves as the administrative and logistical staff support to the Mayor and the immediate executive offices of the Mayor. The Committee has approved increases of $41,000 for fiscal year 1987 pay adjustments, $26,000 for within-grade requirements, and $74,000 for contractual services for renovation of the Recorder of Deeds building. Also included is the transfer of $85,000 and three positions to the Office of Emergency Preparedness for the Citizens Information and Referral System which is also known as the Enhanced 911 Emergency Telephone System.

OFFICE OF INSPECTOR GENERAL

The Committee recommends $1,293,000 and 27 positions for fiscal year 1987, an increase of $398,000 and 11 positions above fiscal year 1986. The Office of the Inspector General is responsible for the prevention and detection of fraud, abuse, waste and mismanagement in the programs and operations of the District of Columbia government. The Committee has approved $191,000 and five positions previously funded by intra-District revenue or Federal grants, $159,000 and six positions to perform new audits and reviews required by the Procurement Practices Act of 1985, $43,000 for fiscal year 1987 pay adjustments, and $5,000 for within-grade requirements.

OFFICE OF THE PRESS SECRETARY

The Committee recommends $471,000 and 11 positions for fiscal year 1987, an increase of $70,000 and two positions above fiscal year 1986. The Office of the Press Secretary serves as the central agency of the executive branch responsible for coordinating and disseminating official news and media-related announcements. The Committee has approved $34,000 and two positions to perform clerical and public information related duties, $10,000 for fiscal year 1987 pay adjustments, $8,000 for within-grade requirements, $15,000 for printing of "The New Times", $1,000 for office supplies and $2,000 for equipment.

OFFICE OF INTERGOVERNMENTAL RELATIONS

The Committee recommends $671,000 and 13 positions for fiscal year 1987, an increase of $147,000 and three positions above fiscal year 1986. The Office of Intergovernmental Relations is responsible for assisting the Mayor in the performance of legislative and intergovernmental liaison functions. The Committee has approved $85,000 and three positions to initiate research and develop automated legislative tracking systems to enhance and expedite the District's legislative concerns in the Council, the Congress and throughout the Washington metropolitan area. The Committee's allowance also includes increases of $16,000 for fiscal year 1987 pay adjustments, $8,000 for within-grade requirements, and $38,000 for communications costs, service contracts such as microfilming and retrieval activities, office supplies, and computer equipment to enable the office to subscribe to national legislative reference services.

OFFICE OF THE CITY ADMINISTRATOR/DEPUTY MAYOR FOR OPERATIONS

The Committee recommends $1,151,000 and 28 positions for fiscal year 1987, an increase of $54,000 and no change in the number of positions from fiscal year 1986. The Committee has approved increases of $41,000 for fiscal year 1987 pay adjustments and $13,000 for within-grade requirements. The Office of the City Administrator/Deputy Mayor for Operations is the chief administrative office of the executive branch of the District of Columbia government. The City Administrator is officially delegated the broadest powers necessary to assist the Mayor in carrying out his functions and in managing the affairs of the government on a day-to-day basis.

OFFICE OF PERSONNEL

The Committee has approved $14,584,000 and 384 positions for fiscal year 1987, an increase of $1,018,000 and 10 positions over fiscal year 1986. The Office of Personnel is responsible for supervising all aspects of the District's personnel management program. The Committee's allowance includes increases of $490,000 for fiscal year 1987 pay adjustments, $151,000 for within-grade requirements, $156,000 and six positions for the Latino Recruitment Program, $163,000 and four positions to replace intra-District funds in the Office of Labor Relations and Collective Bargaining, and $177,000 for the automation of payroll/personnel systems. Also recommend-

ed is a base reduction of $119,000 for nonrecurring purchase of computer peripheral equipment funded in fiscal year 1986.

DEPARTMENT OF ADMINISTRATIVE SERVICES

The Committee has approved $30,264,000 and 493 positions for fiscal year 1987, an increase of $3,165,000 and 85 positions over fiscal year 1986. The allowance recommended by the Committee includes increases of $413,000 for fiscal year 1987 pay adjustments, $129,000 for within-grade requirements, $131,000 for annualization, and $2,701,000 and 85 positions for various improvements throughout the Department. Also recommended is a base reduction of $209,000 for the one-time purchase of printing equipment and energy costs. The Department of Administrative Services provides centralized support services to the Mayor, the City Administrator, and all District government agencies subject to the administrative jurisdiction of the Mayor.

DEPUTY MAYOR FOR FINANCE

The Committee has approved $210,000 and five positions for fiscal year 1987, an increase of $10,000 over the fiscal year 1986 allowance with no change in the number of positions. The Office of the Deputy Mayor for Finance oversees the financial management and budgetary functions of the District government and serves as the government's official spokesperson on all financial matters. The increase of $10,000 is to cover the cost of fiscal year 1987 pay adjustments and within-grade requirements.

OFFICE OF THE BUDGET

The Committee has approved $1,954,000 and 51 positions for fiscal year 1987, an increase of $242,000 and no change in the number of positions from fiscal year 1986. The Office of the Budget performs four major financial management functions. First, with the assistance of agency heads and heads of other branches of government it prepares the annual budget request for the Government of the District of Columbia. Second, it manages the budget appropriation process, representing and justifying budget requests before the Council, the U.S. Office of Management and Budget, and the Congress of the United States. Third, it supervises the execution of the approved annual budget. Fourth, it prepares both short- and long-range expenditure projections. The increases recommended by the Committee include $64,000 for fiscal year 1987 pay adjustments, $19,000 for within-grade requirements, $38,000 for computer maintenance, $50,000 for printing, $4,000 for inflationary increases for communications, $62,000 to fund two unfunded positions, and $5,000 for furniture and equipment.

OFFICE OF FINANCIAL MANAGEMENT

The Committee has approved $17,524,000 and 293 positions for fiscal year 1987, an increase of $508,000 and no change in the number of positions. The Office of Financial Management is responsible for operating the central financial management organization of the District government. The increases allowed include

$359,000 for fiscal year 1987 pay adjustments, $94,000 for within-grade requirements, $275,000 for contractual services for the financial audit of Saint Elizabeths Hospital, $15,000 for energy, $56,000 for inflationary increases in communication costs, $154,000 for computer equipment maintenance, $552,000 for a new Disk drive system, and $222,000 for a computer communication system and computer tapes. Also recommended are base reductions of $255,000 for contractual services and $964,000 for equipment funded in last year's budget.

DEPARTMENT OF FINANCE AND REVENUE

The Committee has approved $21,007,000 and 570 positions for fiscal year 1987, an increase of $1,973,000 and 11 positions over fiscal year 1986. The Department of Finance and Revenue is responsible for administering and enforcing the District's tax laws; conducting research on revenue and alternative tax systems, advising the Mayor and the District Council on tax policy, programs, and revenues, recording deeds and other written instruments affecting a right, title, or interest in real or personal property in the District of Columbia, and providing assistance and information to taxpayers and citizens. The increases approved include $646,000 for fiscal year 1987 pay adjustments, $104,000 for within-grade requirements, $325,000 for an automated collection system, $86,000 for preventive maintenance for the local area network system and computer-assisted photographic equipment at the Recorder of Deeds, $183,000 and six assessor positions in the Real Property Tax unit, $95,000 and two positions for the Unclaimed Property in Audit, Compliance and Investigation unit, $322,000 to fund eight currently unfunded auditor positions and related expenses, $35,000 and two positions for the Business Tax Registration unit, $210,000 to fund five currently unfunded revenue officer positions and related expenses, $24,000 and one tax examining clerk for the tax processing unit, and $27,000 for increases in communication costs. Also recommended is a base reduction of $84,000 for homestead exemption filings which are required once every five years.

BOARD OF ELECTIONS AND ETHICS

The Committee has approved $2,385,000 and 34 positions for fiscal year 1987, an increase of $221,000 and one position over fiscal year 1986. The Board of Elections and Ethics is responsible for the administration and enforcement of the election laws of the District of Columbia. The Committee has approved increases of $48,000 for fiscal year 1987 pay adjustments, $12,000 for within-grade requirements, $33,000 for one public information/media specialist, $87,000 to provide voter accessibility for the elderly and handicapped, $28,000 for pollworkers and staff augmentation for election support in fiscal year 1987, $7,000 for a portable ballot tabulation system and $18,000 for computer equipment. Also recommended is a base reduction of $12,000 for leasing precinct telephone instruments for election support funded in fiscal year 1986.

OFFICE OF CAMPAIGN FINANCE

The Committee has approved $1,032,000 and 14 positions for fiscal year 1987, an increase of $40,000 and no change in the number of positions from fiscal year 1986. The Office of Campaign Finance is responsible for administering and enforcing District laws pertaining to campaigns for elected officials and conflict of interest and financial disclosure by public officials. The increases allowed include $31,000 for fiscal year 1987 pay adjustments, $9,000 for within-grade requirements, and $22,000 for annualization of new positions allowed in fiscal year 1986. Also recommended is a base reduction of $22,000 for equipment rental funded in fiscal year 1986.

PUBLIC EMPLOYEE RELATIONS BOARD

The Committee has approved $253,000 and four positions for fiscal year 1987, an increase of $6,000 and no change in the number of positions from fiscal year 1986. The Public Employee Relations Board is responsible for resolving labor-management disputes in the District government pursuant to D.C. Law 2–139, the District of Columbia Comprehensive Merit Personnel Act of 1978. The Committee's recommended allowance includes increases of $6,000 for fiscal year 1987 pay adjustments and $2,000 for within-grade requirements. Also recommended is a base reduction of $2,000 for fringe benefits funded in fiscal year 1986.

OFFICE OF EMPLOYEE APPEALS

The full budget request of $1,112,000 and 24 positions is recommended for fiscal year 1987, an increase of $59,000 and no change in the number of positions from fiscal year 1986. The Office of Employee Appeals is responsible for hearing any employee appeal of a final decision affecting a performance rating, an adverse action, a reduction-in-force, the resolution of a grievance, an erroneous employee payment, a privacy and records management decision, or the classification of a position. The Committee's allowance includes a base reduction of $8,000 for a one-time expenditure for a records management system and increases of $27,000 for fiscal year 1987 pay adjustments, $16,000 for within-grade requirements, $7,000 for fringe benefits, $5,000 for full-year funding of a law clerk position allowed in fiscal year 1986, $4,000 for inflationary increases for communication, $6,000 for a computer maintenance contract, and $2,000 for protective guard service.

D.C. RETIREMENT BOARD

The total budget request of $3,772,000 and seven positions are recommended for fiscal year 1987. The bill language appropriates the total amount requested and provides $754,000 from the general fund instead of $700,000 as requested by the District, and $3,018,000 from investment income instead of $3,072,000 as requested. The change in allocation by the Committee provides for a 20/80 percent split of the Board's total expenses between the District's general fund revenues and the Board's investment income.

The Committee has included language in the bill requiring the Board to pay a one-time lump-sum bonus of 3 percent by October 15, 1986, to 23 fire fighters who retired between November 24, 1984 and March 28, 1985, while the new contract was being negotiated between District officials and the collective bargaining unit for District fire fighters. Similar payments were made in fiscal year 1986 to fire fighters who retired prior to February 15, 1980, based on an agreement entered into on March 27, 1985, between District officials and the fire fighters' collective bargaining unit.

The Retirement Board controls and manages the three retirement funds for police officers and fire fighters, judges, and teachers. It is the responsibility of the board to certify the amount of contributions required of the District and Federal governments and affected employees and to invest those funds prudently.

METROPOLITAN WASHINGTON COUNCIL OF GOVERNMENTS

The total budget request of $335,000 is included in the bill as the District's share of the Council of Government's budget for fiscal year 1987 and reflects an increase of $19,000 above the fiscal year 1986 level.

The Council is the cooperative association of the 16 major cities and counties of the Washington metropolitan area, including the District of Columbia. It was organized in 1957 and is the official planning agency for metropolitan Washington by designation of the U.S. Departments of Housing and Urban Development, Transportation, and the Environmental Protection Agency.

ADMISSION TO STATEHOOD

The Committee recommends the total request of $100,000 for fiscal year 1987, the same level as fiscal year 1986. The Committee has also included language in the bill, as requested, earmarking $50,000 of this amount for the Statehood Commission and the balance of $50,000 for the Statehood Compact Commission. The Committee has also approved bill language requiring the District to identify locally-generated revenues to finance this request and prohibiting the use of Federal funds to support the Statehood Commission and the Statehood Compact Commission.

D.C. COMMISSION ON BASEBALL

The Committee recommends $55,000 for fiscal year 1987, the same level as fiscal year 1986. The Baseball Commission is responsible for assisting and advising the District Council and the Mayor regarding the establishment of a professional baseball team in the District of Columbia to enhance tourism, business development, employment opportunities, entertainment, and revenue.

Economic Development and Regulation

The Committee recommends a total of $129,460,000 for fiscal year 1987 for the departments and agencies funded through this appropriation. This allowance is $33,817,000 above the adjusted base for fiscal year 1987.

A summary comparing the Committee's recommendations with the fiscal year 1986 adjusted appropriation and the fiscal year 1987 estimates by department and activity follows:

OFFICE OF THE DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT

The bill includes the budget request of $710,000 and eight positions for fiscal year 1987, an increase of $200,000 and five positions over the 1986 level. The Office of the Deputy Mayor for Economic Development supervises and coordinates all programs, policies, proposals and functions related to economic development in the District and advises the Mayor on the most effective allocation of public resources for that purpose. Included in the allowance are the requested increases of $7,000 for fiscal year 1987 pay adjustments, $3,000 for within-grade requirements, $1,000 for inflationary increases in communication costs and $189,000 and five positions to establish a Strategic Planning Unit to establish priorities among the economic development programs and goals, to assist the Deputy Mayor for Economic Development in using the full resources of the economic development cluster, to develop advanced strategies to meet the economic goals, objectives, and needs of the District, and to formulate policy and procedures for various agencies within the cluster to conform to the overall economic strategy.

OFFICE OF PLANNING

The Committee recommends a total of $3,564,000 and 76 positions for fiscal year 1987, an increase of $160,000 and no change in the number of positions from the 1986 level. Included in the Committee's allowance are $105,000 for fiscal year 1987 pay adjustments, $37,000 for within-grade requirements, $14,000 for related fringe benefits, and $4,000 for inflationary increases in communications.

The Office of Planning is responsible for the preparation of plans for the physical and economic development of the District of Columbia. In that context, the Committee urges the Office to consider and address the inadequate number of convenient parking spaces available in certain areas of the city when development projects are in the discussion stage and prior to those projects being approved.

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

The bill includes the budget request of $39,939,000 and 108 positions for fiscal year 1987, an increase of $17,026,000 and 37 positions above the 1986 level. The Committee's recommendation includes increases of $145,000 for fiscal year 1987 pay adjustments, $51,000 for within-grade requirements, $263,000 and nine positions to oversee the new Public Housing Modernization Administration and the Property Management Administration, to monitor and provide technical assistance to community based organizations that receive grants from the department, and to operate and program an automated data processing system in the department for all control centers. Also recommended are increases of $92,000 for annualization of the fiscal year 1987 personal services adjustment, $2,000,000 for the Urban Homesteading Program, $84,000 and two positions for the Public Housing Modernization Administration, $3,015,000 for the Home Purchase Assistance Program in the Neighborhood Improvement Administration, $400,000 for the Rehabilitation Financing Program, $65,000 and four positions for the Alabama Avenue Renaissance Project, $64,000 and four positions for the Distressed Property Improvement Program, $46,000 and three positions for the Land Acquisition for Housing Development Opportunities Program, and $448,000 for the Residence Maintenance Program. The Committee also recommends $306,000 and 15 positions for the Tenant Assistance Program, $10,000,000 for the Tenant Assistance Program to provide rental subsidies for eligible low- and moderate-income residents, $11,000 for inflationary increases in communications, and $36,000 for supplies and equipment and equipment rental.

Pay-as-you-go capital projects.—The Committee also recommends the requested $2,000,000 to renovate and modify public housing properties in the District.

The Department of Housing and Community Development was established to address the District's housing problems.

DEPARTMENT OF EMPLOYMENT SERVICES

A total of $35,012,000 and 203 positions are recommended for fiscal year 1987, an increase of $7,017,000 and 20 positions over the fiscal year 1986 level. The Department estimates it will have a total of $73,772,000 and 861 positions in fiscal year 1987 consisting of $35,012,000 and 203 positions from District funds, $32,916,000 and 516 positions from Federal funds, $5,041,000 and 128 positions from private and other funds, and $803,000 and 14 positions from intra-District sales.

Included in the Committee's allowance are increases of $219,000 for fiscal year 1987 pay adjustments, $66,000 for within-grade re-

quirements, $28,000 for inflationary increases in communications, $4,000 for computer supplies, $34,000 and one position for the Occupational Safety and Health Program, and $29,000 and one position for the Hearings and Adjudication of Disability and Crime Victims' Appeals unit. Also recommended are increases of $13,000 for supplies and equipment for the Disability Compensation Program, $57,000 and two positions for the Apprenticeship and Training Program, $2,094,000 for the Summer Youth Program, one position to monitor the First Source Employment Act, $2,934,000 and four positions for the In-School Program, $990,000 and six positions for the Special Temporary Employment Program for ex-offenders and $133,000 and five positions for the Latino Employment Center. The Committee also recommends a base reduction of $84,000 for the U.S. Department of Labor for the administration of the city's private sector workers' compensation program and a transfer-in of $500,000 for the Job Training Initiative Program which was funded in fiscal year 1986 with a special Federal payment.

The Department of Employment Services provides opportunities for citizens to prepare for, find, and maintain gainful employment and provides income maintenance to mitigate the effects of unemployment. In addition, the Department promotes the working conditions of wage earners by protecting their health, safety, rights, and benefits.

OFFICE OF BUSINESS AND ECONOMIC DEVELOPMENT

The Committee recommends the full budget request of $5,830,000 and 47 positions for fiscal year 1987. The budget request approved by the Committee reflects a decrease of $3,483,000 below the fiscal year 1986 level but an increase of 12 positions above the number available last year. Included in the Committee's allowance are increases of $48,000 for fiscal year 1987 pay adjustments, $31,000 for within-grade requirements, $43,000 for annualization, an increase of one continuing full-time position (conversion from temporary full-time), $191,000 and nine positions to enable the office to continue to expand its business expansion and retention activities, and $60,000 and two positions to attract foreign businesses to the District. The Committee also recommends increases of $16,000 for supplies, communications and equipment and equipment rental, $28,000 for the D.C. Chamber of Commerce, and $100,000 for the Commercial Revitalization project. A base reduction of $4,000,000 for capitalization of the Economic Development Finance Corporation and the Business Purchase Assistance Program has also been approved as requested.

The Office of Business and Economic Development stimulates, creates, and attracts new employment opportunities, undertakes industrial development initiatives to provide employment centers, develops commercial revitalization projects in neighborhood commercial corridors and in the central business district, to attract and retain businesses, and promote tourism, and provides management and technical assistance to small businesses on behalf of the District of Columbia.

MINORITY BUSINESS OPPORTUNITY COMMISSION

An appropriation of $870,000 and 18 positions are recommended for the Minority Business Opportunity Commission for fiscal year 1987, an increase of $363,000 and 9 positions above the fiscal year 1986 level. The increase includes $20,000 for fiscal year 1987 pay adjustments and within-grade requirements, $258,000 and 9 positions for the Small Business Development Unit, Certification Unit, Agency Monitoring Unit, Public Information Unit, and clerical support, $6,000 for communications, $30,000 for publication of the annual report, the marketing guide, and the directory of certified minority businesses for distribution to District agencies and other trade and professional organizations, $37,000 to expand and upgrade its computer equipment and $12,000 for installation of additional Financial Management System capability for monitoring the small business assistance units.

The Minority Business Opportunity Commission is responsible for developing programs, policies and guidelines to carry out the objectives of the District's Minority Contracting Act.

HOUSING FINANCE AGENCY

The bill includes $2,390,000 and 18 positions for fiscal year 1987, an increase of $290,000 and two positions above the fiscal year 1986 level. Included in the Committee's allowance are increases of $91,000 for two positions to create and process low-income mortgages, $116,000 for Housing Program Subsidies, $6,000 for information systems development, $29,000 for board member compensation, $18,000 for rent and telephones, and $30,000 for equipment and equipment rental.

The Housing Finance Agency's mission is to help alleviate the shortage of adequate housing in the District, and it operates primarily by issuing tax-exempt bonds to assist in financing affordable homeownership and rental housing for low- and moderate-income District residents.

BOARD OF APPEALS AND REVIEW

An appropriation of $50,000 and one position is recommended for fiscal year 1987 for the Board of Appeals and Review. This allowance reflects a transfer of $47,000 and one position to the Board of Equalization and Review and a base reduction of $47,000 and one position. The Board of Appeals and Review is an administrative agency that provides a forum for hearing citizen appeals and a final remedy in matters of property, personal rights and privileges.

BOARD OF EQUALIZATION AND REVIEW

An appropriation of $159,000 and two positions are recommended for fiscal year 1987, an increase of $47,000 and one position above the fiscal year 1986 level. This increase reflects a transfer from the Board of Appeals and Review. The Board is responsible for ensuring that real property is assessed at 100 percent of the estimated market value and in equalization with similar properties.

DEPARTMENT OF CONSUMER AND REGULATORY AFFAIRS

The Committee recommends a total of $34,034,000 and 851 positions for fiscal year 1987, an increase of $5,971,000 and 97 positions over the fiscal year 1986 level. The Committee has approved increases of $859,000 for fiscal year 1987 pay adjustments, $256,000 for within-grade requirements, $353,000 for full-year funding of new positions approved in fiscal year 1986, $106,000 and six positions for improved revenue capabilities, $670,000 and 28 positions to manage the additional workload pursuant to the Health Occupations Revision Act, $60,000 and one position to provide technical support to the Public Affairs Division for developing and publishing special publications, $49,000 and one position for the Board of Consumer Arbitration Claims and $2,297,000 and 27 positions to manage the additional workload created by the Civil Infractions Act.

Under the Office of Administation and Management the Committee has approved increases of $36,000 to provide additional supplies and equipment as a result of additional personnel, $15,000 for inflationary increases in communications, and $158,000 for underfunded communications costs. Under the Occupational and Business Licensure Division the Committee has approved increases of $42,000 and two positions to facilitate proper and adequate enforcement of D.C. Code, Section 35–701 which regulates the rates for fire and casualty insurance, $12,000 and one position for processing applications and administering written examinations to applicants for agents and brokers licenses, two positions to implement and enforce the Drug Abuse, Alcohol Abuse and Mental Illness Insurance Coverage Act of 1985, $12,000 and one position to provide clerical support to the Licensing Division, $34,000 and two positions to monitor and adequately control establishments licensed by the Alcoholic Beverage Control Board and $14,000 and one administrative support position.

For the Building, Land, and Service Facility Regulation Administration the Committee recommends increases of $37,000 and two positions to assist in the review of major electrical and mechanical plans and drawings, $40,000 and two positions to perform inspections of duct work, mechanical, air, and ventilation systems and boilers in the city, $27,000 and one position to interview prospective applicants for certificates of occupancy, to review applications, to respond to requests for information, to answer telephone inquiries, and to provide administrative and clerical support, $27,000 and one position for the Historic Preservation State Program, $27,000 and one supervisory position for the Social Service Facility Division, $19,000 and one position to evaluate prisons, correctional facilities, community residence facilities, child care centers, public schools and private schools to ensure environmental and food service standards, $22,000 and one position for the inspection and licensure of approximately 40 new ambulatory surgical care centers, home care agencies, maternity centers and hospices, $22,000 and one position to inspect health care and social service facilities to ensure that the nutritional and therapeutic diet needs of residents are being met and to provide consultation to facilities in meeting these needs, and $12,000 and one part-time position to assist the

Service Facility Regulation Administration in licensing of animal hospitals and clinics.

For the Housing and Environmental Regulation Administration the Committee recommends increases of $107,000 and six positions to implement the provisions of the Rental Housing Act of 1985, $43,000 and two positions to ensure completion and distribution of hearing appeal notices, decisions and orders, and other commission documents to each party appearing before the Rental Housing Commission, $542,000 to implement recommendations of the rent control study, $15,000 and one position to ensure project expansion and continuity of the fisheries management program, $15,000 and one position to enforce the provisions of the District of Columbia Pesticide Operations Act, $12,000 and one position to provide clerical support to the Soil Erosion Control Program, $19,000 and one position to investigate the possible sources of industrial effluents, to establish the qualitative and quantitative characteristics of the effluent and to determine the treatment required before such effluents are allowed to be discharged into the sewer system, $12,000 and one position for clerical support in the Environmental Control Division and one position funded by the Office of Latino Affairs to provide assistance to Latino businesses, agencies and individuals regarding licensing and regulatory requirements.

The Department of Consumer and Regulatory Affairs protects the health, safety, and welfare of the residents of the District of Columbia by regulating business activities, land and building use, occupational and professional conduct and standards, rental housing and condominiums, health and social services care facilities, and the physical environment in the District.

PUBLIC SERVICE COMMISSION

An appropriation of $3,351,000 and 68 positions are recommended for the Public Service Commission for fiscal year 1987 and reflects a net increase of $316,000 and seven positions above the 1986 appropriation. Included in the Committee's allowance are increases of four positions converted from temporary to continuing full-time in the Utilities Regulation unit, $96,000 for fiscal year 1987 pay adjustments, $29,000 for within-grade requirements, $53,000 and three positions for the Securities Office, $153,000 for temporary full-time positions to enable the Commission to move closer to the third-year phase of its 3-to-5 year staffing plan and also provide for the level of operating support necessary to more effectively carry out its mandate, $22,000 for fringe benefits and $137,000 for supplies, building rent, out-of-city travel, printing, employee training, and equipment. Also recommended is a base reduction of $174,000 for other services and charges and equipment funded in fiscal year 1986.

The primary responsibility of the Commission is to ensure safe, reliable and quality utility service at just and reasonable rates for District residents.

OFFICE OF PEOPLE'S COUNSEL

The Committee has approved the budget request which totals $1,087,000 and 15 positions, an increase of $82,000 and one position

over the fiscal year 1986 level. The Committee has approved increases of $24,000 for fiscal year 1987 pay adjustments, $2,000 for within-grade requirements, $42,000 and one position to help keep pace with escalating workload, $39,000 to upgrade the present telephone system and cover increased costs for office lease, office furnishings and microfilm equipment and $62,000 for development of an automated system for management control and planning. Also recommended is the requested base reduction of $87,000 for other services and charges and equipment funded in fiscal year 1986.

The primary function of the Office of the People's Counsel is to act as the legal representative of District utility consumers of gas, electric, and telephone services, and those who ride in District taxicabs, at proceedings before the Public Service Commission and on appeal before the District of Columbia Court of Appeals.

COMMISSION ON LICENSURE TO PRACTICE THE HEALING ART

The Committee recommends a total of $464,000 and eleven positions for fiscal year 1987, an increase of $30,000 and no change in the number of positions from fiscal year 1986. Included in the Committee's allowance are increases of $12,000 for fiscal year 1987 pay adjustments, $7,000 for within-grade requirements, $10,000 for medical examination costs, and $1,000 for communications costs.

The Commission on Licensure to Practice the Healing Art establishes procedures to approve or deny applications for licenses to practice medicine and surgery, osteopathy and surgery, chiropractic, midwifery, naturopathy, and nursing home administration in the District of Columbia.

Public Safety and Justice

The Committee recommends a total of $580,765,000 for fiscal year 1987 for the public safety and justice activities funded through this appropriation. This allowance is $49,999,000 above the fiscal year 1987 adjusted base.

The allocation of funds by department and agency is shown below:

METROPOLITAN POLICE DEPARTMENT

The Committee has approved a total of $157,813,000 and 4,598 positions for fiscal year 1987 for the Metropolitan Police Department. This allowance is $9,689,000 and 64 positions above the fiscal year 1986 level. The Committee's allowance includes increases of $5,454,000 for the fiscal year 1987 pay adjustment, $1,822,000 for within-grade requirements, $275,000 to fund ten unfunded positions, $270,000 and 25 positions for the Police Officer Cadet program, $350,000 and 39 positions to ensure 24-hour capability for the enhanced 911 emergency telephone service, $90,000 for increased telephone costs, $728,000 for clothing and equipment, and $700,000 for replacement vehicles.

The Metropolitan Police Department is the District of Columbia's principal law enforcement agency. The department is charged with a broad range of statutory and municipal law enforcement responsibilities for residents and visitors of the District. Its mandate is to protect life and property and to ensure public safety and order.

FIRE DEPARTMENT

The Committee recommends a total of $68,284,000 and 1,849 positions for fiscal year 1987, an increase of $8,421,000 and 80 positions. The Committee's allowance reflects a base reduction of $195,000 for non-recurring equipment costs associated with three new ambulances purchased in fiscal year 1986 and $28,000 for phase-out of the District's Fire Protection Commission. The Committee's allowance includes increases of $2,536,000 for fiscal year 1987 pay adjustments, $434,000 for within-grade requirements, $218,000 for longevity pay, $847,000 for annualization of positions authorized in fiscal year 1986, $200,000 and 17 positions to keep nine fire and ambulance dispatchers on duty 24 hours a day, seven days a week, $26,000 for telephone services and $10,000 for ambulance maintenance. The Committee has also approved $40,000 for summer jobs and temporary employment, $60,000 for automotive supplies, parts and maintenance, $156,000 for ambulance and passenger-carrying vehicle replacements, $37,000 for maintenance of buildings and grounds, and $56,000 for uniforms associated with new positions. Also recommended is $50,000 for outside medical payments, $694,000 to fund uniform stipend and fringe benefits, $306,000 to fund underfunded holiday pay costs, $1,084,000 to fund overtime

costs due to fire fighters being given their birthdays off in accordance with the 1985–1987 labor-management agreement, $350,000 and 21 positions for 6-months funding of the Hazardous Materials Unit, $1,033,000 to fully fund existing fire fighter positions, $282,000 and 17 new continuing full-time Emergency Medical Technician positions and $225,000 and 25 positions for the Fire Cadet Program.

The Committtee notes that the Hazardous Materials Unit is funded as a separate unit on a six-month basis in fiscal year 1987. The Committee strongly urges District officials to fund this unit for 9 months from funds otherwise available. The Committee sees no reason why existing funds cannot be made available to fund this unit for 9 months as are all other new positions provided for in this budget.

The Committee has included language in the bill requiring the D.C. Retirement Board to pay a one-time lump-sum bonus of 3 percent by October 15, 1986, to 23 fire fighters who retired between November 24, 1984 and March 28, 1985, while the new contract was being negotiated between District officials and the collective bargaining unit for District fire fighters. Similar payments were made in fiscal year 1986 to fire fighters who retired prior to February 15, 1980, based on an agreement entered into on March 27, 1985, between District officials and the fire fighters' collective bargaining unit.

As noted under the "General Statement" section on page 6 of this report, Engine Company No. 3 located at 439 New Jersey Avenue, N.W., is to remain open and fully staffed *until the 91st day after* the Committee has approved the District's request to close or transfer the facility. Neither the Fire Chief nor any other District official should make the assumption that the city's request to close or transfer Engine Company No. 3 will be approved by the Committee, and then based on that assumption move ahead to reduce the manning and phase out the facility at its present location.

Language is also included in the bill authorizing the Department to purchase 14 replacement passenger-carrying vehicles.

The Fire Department ensures the safety of District of Columbia residents and visitors by preventing and extinguishing fires and providing emergency ambulance services.

POLICE AND FIRE RETIREMENT SYSTEM

A total of $111,800,000 is recommended for fiscal year 1987 as the City's contribution to the police and fire retirement system. This allowance reflects a decrease of $3,840,000 below the fiscal year 1986 level. The recommended allowance consists of $101,600,000 in net pay-as-you-go contributions (gross retirement payments less active employee retirement withholdings) and $10,200,000 in inflation/amortization costs.

JUDGES RETIREMENT SYSTEM

The bill includes $2,500,000 for fiscal year 1987 as the City's contribution to the judges' retirement fund. This allowance reflects an increase of $700,000 above the fiscal year 1986 level. The recom-

mended allowance consists of $1,900,000 in net pay-as-you-go contributions (gross benefit payment less active judges' retirement contributions), and $600,000 for amortization/inflation costs.

JUDICIAL INSURANCE COVERAGE

The Committee once again urges the Mayor and Council to approve legislation amending the D.C. Code to ensure appropriate liability coverage for judicial employees comparable to that provided for medical employees under D.C. Code 1-1215(b). The need for this legislation results from the liability exposure created by the Supreme Court decision in the case of *Pulliam vs. Allen* (1984) 104 S.Ct.1970. The Committee hopes that such legislation will be on the books prior to December 31, 1986, which is 18 months after this action was first suggested.

DISTRICT OF COLUMBIA COURT OF APPEALS

A total of $3,758,000 and 79 positions are included for fiscal year 1987 for the District's highest court. This allowance reflects an increase of $193,000 and two positions above the fiscal year 1986 level. The Committee's recommendation includes increases of $86,000 for fiscal year 1987 pay adjustments, $13,000 for within-grade requirements, $34,000 for the 3.55 percent judicial pay raise, $33,000 and two positions for records management and general office duties, $2,000 for office supplies, $2,000 for inflationary increases for communications, $44,000 for contractual computer support, and $30,000 for word processors and law books. The allowance also reflects a base reduction of $51,000 for the nonrecurring purchase of word processors in fiscal year 1986.

The Court reviews all civil and criminal appeals from the Superior Court as well as appeals from District of Columbia administrative agencies. There are nine active judges on the court who normally hear appeals in panels of three and on occasion, as a single group.

DISTRICT OF COLUMBIA SUPERIOR COURT

The Committee has approved a total of $43,706,000 and 1,036 positions for fiscal year 1987 for the operation of the Superior Court, which is the District's unified court of general jurisdiction.

The Committee's allowance reflects a base reduction of $61,000 for the purchase of nonrecurring office equipment in fiscal year 1986 and increases of $1,104,000 for fiscal year 1987 pay adjustments, $458,000 for within-grade requirements, $128,000 for the 3.55 percent judicial pay raise, $30,000 for annualization of five positions allowed in fiscal year 1986, $20,000 for overtime pay, and $83,000 and six positions for the Civil Division. The Committee has also approved $71,000 and five positions for the Criminal Division, $28,000 and one position for the Data Processing Division, $14,000 and one position for the Financial Operations Division, $112,000 and five positions for the Multidoor Dispute Resolution Program, $29,000 and one position for the Sentencing Guidelines Project, and $65,000 and four positions for the Family Division. Also recommended are $80,000 and seven positions for the Child Support En-

forcement Program, $370,000 and 11 positions to handle the increased workload in the Social Services Division and provide diagnostic evaluations and treatment programs for youths on probation, $50,000 for increased costs of office supplies, $53,000 for inflationary increases for communications, $17,000 for building rent for the Social Services Divisions' three probation office field units, $62,000 for service maintenance contracts and repairs, $27,000 for postage, $200,000 for juror fees and entitlements, $24,000 for the Screening and Diversion Program, $5,000 for the Street Law Program and $25,000 for law books.

The Superior Court is the trial court with original jurisdiction over all criminal, civil, tax and probate cases, as provided for in Title II of the D.C. Code, "Organization and Jurisdiction of the Courts."

DISTRICT OF COLUMBIA COURT SYSTEM

The Committee recommends $16,028,000 and 71 positions for fiscal year 1987, an increase of $491,000 and three positions above the fiscal year 1986 level. The Committee's recommended allowance reflects increases of $97,000 for fiscal year 1987 pay adjustments, $39,000 for within-grade requirements, $2,000 for the Executive Officer's pay raise, $45,000 and three positions for the Criminal Justice Act Finance Unit, $400,000 for Criminal Justice Act program fees, and $9,000 for increased costs of office supplies, printing and reproduction, training, and membership in the National Center for State Courts. The allowance also reflects a base reduction of $101,000 for nonrecurring purchase of office equipment and a one-time study of ways to reduce delays in court cases.

The D.C. Court System is the administrative arm of the Superior Court and the Court of Appeals of the District of Columbia.

OFFICE OF THE CORPORATION COUNSEL

The Committee has approved the budget request of $10,137,000 and 213 positions for fiscal year 1987 for the legal office of the District of Columbia Government. The allowance recommended by the Committee is $784,000 above the fiscal year 1986 level. The allowance includes increases of $342,000 for fiscal year 1987 pay adjustments, $133,000 for within-grade requirements, $15,000 for inflationary increases for communications, $314,000 for building rent for the Law Enforcement and Major Case Sections, $28,000 for expert witnesses and depositions, $13,000 for Child Abuse Diagnostic Services and $48,000 for Westlaw Research Terminal rental costs. Also recommended as requested is a base reduction of $109,000 for nonrecurring furniture and computer purchases.

The Office of the Corporation Counsel is the legal office of the District of Columbia Government. It conducts all legal business for the District of Columbia except the prosecution of adults for felonies and serious misdemeanors.

SETTLEMENTS AND JUDGMENTS

The Committee recommends the budget request of $6,600,000 for fiscal year 1987 for this special account which is used to pay claims

and suits that are settled and judgments that have been entered against the District government.

PUBLIC DEFENDER SERVICE

The Committee has approved the budget request of $4,786,000 and 120 positions for fiscal year 1987, an increase of $358,000 and three positions above the fiscal year 1986 level. Included in the Committee's allowance are increases of $157,000 for fiscal year 1987 pay adjustments, $71,000 for within-grade requirements, $54,000 and three positions to cure serious problems in workload management, $50,000 for transcripts and experts, and $26,000 for computerized legal research, upgrading of word processing units and related software and additional library shelving and file cabinets.

The Public Defender Service provides legal representation to indigent persons in criminal, juvenile, and mental health commitment matters at both the trial and appellate levels.

PRETRIAL SERVICES AGENCY

An appropriation of $2,367,000 and 69 positions is recommended for the agency in fiscal year 1987, an increase of $193,000 and six positions above the fiscal year 1986 level. Included in the Committee's allowances are $64,000 for fiscal year 1987 pay adjustments, $45,000 for within-grade requirements, $42,000 and four positions to augment the staff responsible for supervising court-ordered conditions for release, $19,000 and two positions for the Failure-to-Appeal Unit, $5,000 for computer supplies, $5,000 for telephone services, $3,000 for postage services, and $10,000 for printing services.

The Pretrial Services Agency assists the trial and appellate levels of both the Federal and local courts by providing background information on all arrestees for use in determining eligibility for pretrial release. Reports prepared by the agency are also made available to the U.S. Attorney's Office, the D.C. Public Defender Service and private defense attorneys.

DEPARTMENT OF CORRECTIONS

The Committee recommends the full budget request of $147,730,000 and 2,857 positions for the Department's activities in fiscal year 1987, a net increase of $9,978,000 and a decrease of 11 positions from the fiscal year 1986 level. Included in the Committee's allowance are increases of $2,973,000 for fiscal year 1987 pay adjustments, $857,000 for within-grade requirements, $2,083,000 to upgrade correctional officers, $1,593,000 for carefactor costs related to population growth in correctional services, $4,208,000 and 172 positions for operation of the new medium security facility, $4,185,000 and 183 positions to operate programs formerly supported by the Criminal Justice Initiative fund, $1,770,000 for expansion of the drug detection and counselling program in Community Services and $4,549,000 for expansion of existing work release space in Community Services. The Committee has also approved $947,000 and 30 positions to operate two new work release facilities, $96,000

for new telephone service in Administrative Services, and $67,000 for educational program enhancement. Base reductions of $13,350,000 and 396 positions for the Criminal Justice Initiative Special appropriation and $200,000 from the Federal Bureau of Prisons Payment have also been approved.

The Committee has included language in the bill earmarking not to exceed $50,000 to reimburse Fairfax County, Virginia for the costs of police, fire, and other emergency services at the District's Lorton complex. The language also requires that quarterly reports be made to both the House and Senate Subcommittees on District of Columbia Appropriations.

The Department of Corrections protects the public by holding pretrial and convicted people in a secure setting and by increasing the probability that those placed in its care will live law-abiding lives after their release.

BOARD OF PAROLE

The appropriation of $1,571,000 and 40 positions, as requested, have been approved for fiscal year 1987, an increase of $247,000 and seven positions above the fiscal year 1986 level. The allowance includes increases of $48,000 for fiscal year 1987 pay adjustments, $13,000 for within-grade requirements, $106,000 and seven positions to accommodate an increased caseload, $14,000 to upgrade the communications system relative to the increased caseload, $12,000 for printing and publication of the annual report and informational brochures, and $2,000 to establish an in-house legal and legislative reference library. Also included are increases of $7,000 to provide supplies for the computer casefile system, $7,000 for contractual services to implement the computer casefile system, $3,000 for technical studies on recidivism, $6,000 for ad hoc board members payments, $21,000 for contractual services related to the increased workload, $3,000 to provide supplies for new positions and the increased workload, and $5,000 to improve the capabilities of the Board's computer equipment.

The purpose of the Board of Parole is to determine if and when it is in the best interest of society and the offender for the offender to be released from custody into the community; to establish the terms and conditions of parole; to set standards of supervision in collaboration with the Department of Corrections for persons on parole; to decide if and when to terminate parole or mandatory release or to modify the terms or conditions of parole; and to petition judges for reductions in minimum sentences.

D.C. NATIONAL GUARD

The Committee has approved a total of $863,000 and 25 positions for the District's support of the National Guard for fiscal year 1987, an increase of $153,000 above fiscal year 1986. Included in the Committee's recommendation are increases of $24,000 for fiscal year 1987 pay adjustments, $9,000 for within-grade requirements, $10,000 for medals and awards, $3,000 for communications, $15,000 for educational assistance, $7,000 for equipment replacement and $100,000 for building maintenance at the D.C. Armory. The D.C. Armory is an older facility and the $100,000 recommended is a one-

time nonrecurring allowance which will be used along with Federal matching funds to provide needed maintenance and upgrades in both troop and administrative areas at the facility. The Committee has also approved a base reduction of $15,000 for nonrecurring computer purchases in fiscal year 1986.

The District of Columbia National Guard serves as the militia of the District of Columbia and a reserve component of the Army and Air Force.

OFFICE OF EMERGENCY PREPAREDNESS

The Committee recommends the total request of $1,466,000 and 34 positions for fiscal year 1987, a net increase of $974,000 and 19 positions above the fiscal year 1986 level. Included in the allowance are increases of $21,000 for fiscal year 1987 pay adjustments, $5,000 for within-grade requirements, $70,000 for communication costs, $609,000 and 13 positions for the Citizens Information and Referral System Program commonly referred to as the Enhanced 911 Emergency Telephone System, $10,000 for vehicle maintenance, $50,000 for maintenance of the two-way radio system, $7,000 for Federal grant audits, and $73,000 and two positions for the Hazardous Materials Program formerly funded by the Federal government.

The Committee has also approved a transfer in of $85,000 and three positions from the Office of the Secretary for the Citizens Information and Referral System, and $44,000 and one position from the Office on Human Rights to assist the director in developing, administering, monitoring and revising the affirmative action plan.

The Office of Emergency Preparedness is primarily responsible for insuring a preparedness and response capability dedicated to saving lives, protecting property, maintaining the continuity of government and restoring governmental services during and after a disaster.

COMMISSION ON JUDICIAL DISABILITIES AND TENURE

The Committee has approved the budget request of $116,000 and two positions for fiscal year 1987. This allowance reflects an increase of $5,000 above the 1986 appropriation level to cover the costs of fiscal year 1987 pay adjustments and within-grade requirements.

The District of Columbia Commission on Judicial Disabilities and Tenure has jurisdiction over all active and retired judges of the District of Columbia Courts in four specific areas: (1) a judge's conduct warranting disciplinary action; (2) involuntary retirement of a judge for reasons of health; (3) evaluation of a judge at the end of his or her term who seeks reappointment; and (4) review of a retiring judge who wishes to continue performing judicial duties as a senior judge.

JUDICIAL NOMINATION COMMISSION

A total of $37,000 has been approved for fiscal year 1987, the same level as appropriated in fiscal year 1986.

The Judicial Nomination Commission is composed of seven members: two appointed by the Mayor, two by the Board of Governors

of the unified District of Columbia Bar, one by the District Council, one by the President of the United States, and one judicial member appointed by the Chief Judge of the U.S. District Court for the District of Columbia. The Commission selects and recommends nominees to fill judicial vacancies in the D.C. Court of Appeals and the Superior Court. The President of the United States selects nominees from lists prepared by the Commission and submits the names to the Senate for confirmation.

D.C. LAW REVISION COMMISSION

The budget request of $220,000 and three positions are recommended for fiscal year 1987, a reduction of $266,000 and five positions below the fiscal year 1986 level. The Committee recommends increases of $7,000 for space rental and $1,000 for commissioners' stipends.

The Committee has not approved bill language limiting the grade level of D.C. Law Revision Commission employees to DS–14, step 1, since bill language is not used to limit the grade level of employees in other D.C. agencies.

The Commission was established to examine the laws of the District of Columbia on a comprehensive basis and to recommend changes and reforms, to remedy defects and anachronisms, and to bring the civil, criminal, and administrative law of the District into harmony with modern conditions.

CRIMINAL JUSTICE PLANS AND ANALYSIS

The Committee has approved the budget request of $983,000 and 20 positions for fiscal year 1987, a net increase of $94,000 and five positions above the fiscal year 1986 level. Included in the Committee's allowance are $23,000 for the fiscal year 1987 pay adjustment, $9,000 for within-grade requirements, $55,000 for annualization to fully fund new positions allowed in fiscal year 1986, five continuing full-time positions converted from temporary full-time for the Civilian Complaint Review Board, $10,000 for a government required audit, and $2,000 for supplies and communications. Also approved is a base reduction of $5,000 for nonrecurring computer purchases in fiscal year 1986.

The Office of Criminal Justice Plans and Analysis is the central research and evaluation unit of the District's criminal justice system pursuant to D.C. Law 2–107. The agency collects and analyzes crime and operational data from justice agencies, develops multi-agency plans to meet justice objectives, researches and develops recommendations for specific justice issues, sponsors a program of financial and technical assistance, and receives complaints regarding improper conduct by law enforcement personnel.

PUBLIC EDUCATION SYSTEM

A total of $540,718,000 is recommended for the operation of the activities included within this appropriation. This allowance is $37,168,000 more than the 1987 adjusted base. A summary of the allocations to the agencies and offices under this heading compared with the budget estimates follows:

BOARD OF EDUCATION

The Committee has approved a total of $393,806,000 and 9,545 positions for the public school system for fiscal year 1987, a net increase of $33,656,000 and 140 positions above the fiscal year 1986 level. The Committee's recommendation consists of $385,806,000 in operating expenses and $8,000,000 for pay-as-you-go capital projects.

Included in the Committee's operating expense allowance of $385,806,000 are increases of $8,767,000 for fiscal year 1987 pay adjustments for the school system, $3,973,000 for within-grade requirements, $693,000 for unfunded and underfunded base services, $622,000 for bilingual education to provide additional specially-trained staff for the equal educational opportunity of non-native speakers of English, $930,000 and ten positions resulting from an increase in student enrollment, $1,648,000 and 30 positions for expanded full-day prekindergarten, $599,000 for increased costs of supplies, $136,000 for increased costs of computer maintenance, and $207,000 to expand teacher incentives and training.

The Committee has also approved $228,000 for instructional supervisors, $100,000 for military science instruction, $1,660,000 and 25 positions for secondary English/math teachers to lower pupil/teacher ratios, $830,000 for counselors to lower pupil/counselor ratios, $2,709,000 and 35 positions to provide staff support for the special education population, $58,000 and two positions for basic improvements to State Special Education Services, and $403,000 and 16 positions for an appropriate program to meet the identified needs of handicapped students to be screened from Saint Elizabeths Hospital and other mental health centers. Also approved are increases of $360,000 and eight positions to make available an appropriate prevocational/vocation program to identified handicapped students, $433,000 for an extended year program for severely handicapped students who require such a program, $451,000 and 14 positions to reduce the time necessary for assessment, development and placement of special education students in order to meet the 60-day timeline requirements mandated by the *Mills* Decree, $128,000 for computer literacy support, $106,000 for the Writing to Read Program, $480,000 to meet the growing need for computer re-

lated services, $224,000 to meet transportation requirements, and $61,000 to convert when-actually employed (WAE) warehouse and maintenance repairmen to full-time temporary positions. Also recommended as requested is a base reduction of $150,000 allocated to develop a drop-out prevention program.

The $8,000,000 recommended for pay-as-you-go capital projects will be used for preventive maintenance and emergency repairs at various schools. Language included in the bill under "Capital Outlay" provides the Board with the necessary authorization to procure contracts for these projects directly.

A total of $428,769,000 in operating funds will be available for the District's public schools during fiscal year 1987 from the following sources:

Total resources

Item	*Amount*
Operating expenses:	
Appropriation recommended in bill	$385,806,000
Federal grants	40,050,000
Private and other funds	2,913,000

With the amount recommended in the bill, per pupil expenditures for the 1986–87 school year from all sources will total $4,865 of which $4,378 will be from District funds and $487 will be from

Federal and other funds. The average pupil-teacher ratio during the coming year is estimated to be 25 to 1, the same as in 1986.

TEACHERS' RETIREMENT AND ANNUITY PAYMENTS

The committee recommends the full budget request of $58,800,000 for fiscal year 1987, a decrease of $12,105,000 below the 1986 level.

The Teachers' Retirement and Annuity Payments appropriation represents the District's actuarily determined fiscal year 1987 contribution to the Teachers' Retirement Fund.

UNIVERSITY OF THE DISTRICT OF COLUMBIA

The Committee recommends $68,861,000 and 1,365 positions for fiscal year 1987 for the District's only public institution of post-secondary education. This allowance is $1,146,000 above the appropriation for 1986 and $154,000 below the budget request. The increase of $1,146,000 is for the provisional acquisition of the Antioch School of Law.

Language is included in the bill making the appropriation of $1,146,000 for acquisition of the Antioch School of Law contingent on approval by both the University's Board of Trustees and the City Council. The language further provides that if such approval is not granted the $1,146,000 is to be used to reduce the District's accumulated general fund deficit.

The Committee notes that the University is developing a comprehensive management plan. The Committee urges the University to complete this plan and looks forward to receiving the results at the earliest possible date.

EDUCATIONAL INSTITUTION LICENSURE COMMISSION

The bill includes the full budget request of $237,000 and five positions for fiscal year 1987, an increase of $27,000 above the 1986 level. The committee has approved increases of $8,000 for fiscal year 1987 pay adjustments, $1,000 for within-grade requirements, and $18,000 for underfunded positions.

The Educational Institution Licensure Commission provides for the protection, education, and welfare of the citizens of the District of Columbia by authorizing and regulating all private educational institutions, regulating the award of academic degrees, establishing standards to ensure that private educational institutions are authentic and legitimate, and taking legal or regulatory actions to deny or suspend licenses.

PUBLIC LIBRARY

The Committee recommends the full budget request of $16,646,000 and 444 positions for fiscal year 1987, an increase of $1,644,000 and 32 positions above the 1986 allowance. The allowance recommended includes increases of $421,000 for fiscal year 1987 pay adjustments, $104,000 for within-grade requirements, $548,000 and 32 positions to extend the hours of branch libraries, $71,000 for seven part-time employees at the Martin Luther King Memorial Library, $125,000 for the book fund, $350,000 to provide

for the initial book collection for the new Shepherd Park Branch Library scheduled to open sometime in fiscal year 1988, and $25,000 for communications.

The District of Columbia Public Library was created by an Act of Congress in 1896 "to furnish books and other printed matter and information service convenient to the homes and offices of all residents" of the District. The Library acquires and organizes information, including books and other materials, to meet the educational, cultural, and recreational needs of the community.

COMMISSION ON THE ARTS AND HUMANITIES

The full budget request of $2,368,000 and 11 positions is recommended for fiscal year 1987, an increase of $695,000 and three positions above the 1986 level. The allowance recommended includes increases of $12,000 for fiscal year 1987 pay adjustments, $3,000 for within-grade requirements, $84,000 and three positions for public relations, for coordinating computer operations and to administer the Arts in Public Places Program, $1,000 for office supplies, $266,000 for the Arts Festival Program, the Arts in Public Housing (Mural) Program, the Arts in Public Places Program, and Folk Arts, $325,000 to expand the grants-in-aid program for special constituencies, the technical assistance program, and the summer program, $2,000 for office equipment, and $2,000 for communications.

The Committee has also approved two capital projects for the Commission. One of the projects totals $1,700,000 under the Office of Business and Economic Development for a District-wide Arts Inducement Program to assist private efforts to provide space for the arts and related groups through undertaking public space improvements in conjunction with redevelopment or rehabilitation projects where the owner or developer agrees to allocate a portion of the building's area to long-term arts use. The second capital project is for $750,000 for a Public Arts Fund to finance the creation, installation, and maintenance of visual art in public places.

The Commission on the Arts and Humanities initiates, develops, evaluates, and encourages arts programs that promote progress in the arts.

HUMAN SUPPORT SERVICES

A total of $654,315,000 is recommended for the departments and agencies funded through this appropriation. This allowance is $51,072,000 more than the 1987 adjusted base.

ment's fiscal year 1987 pay adjustments and $240,000 for within-grade requirements.

Annualization.—The Committee recommends increases of $17,000 to annualize three positions in the Public Maintenance Administration and $125,000 for 24 positions in the Transportation Systems Administration.

Office of the Director.—The Committee recommends increases of $29,000 for office supplies, travel, membership fees, subscriptions, registration fees, printing, and equipment purchase and maintenance.

Public Space Maintenance Administration.—The Committee recommends increases of $75,000 for electricity for its new headquarters, $45,000 to refurbish streets and plat maps, $24,000 for two carryall vehicles, $848,000 for sidewalk maintenance, $272,000 and six temporary positions for bridge maintenance, $1,916,000 and seven temporary positions for additional crews to respond to tree trimming requests by citizens for contractual tree trimming, removal and planting, $277,000 and four temporary positions for the inmate work release program, $1,495,000 and 59 temporary positions for street cleaning in the District's central core and $204,000 to maintain compliance with the air quality consent decree.

Trash collection.—The Committee has retained language carried in the bill for several years prohibiting the collection of trash from apartment houses with four or more apartments or from any building or connected group of buildings operating as a rooming or boarding house as defined in the housing regulations of the District. The Committee requests that the District review its trash collection policy to determine whether it is equitable to all homeowners.

Transportation Systems Administration.—The Committee recommends increases of $55,000 to convert three positions from temporary to permanent status, $209,000 for additional overtime, $6,000 for equipment rental, $19,000 to convert one position from temporary full-time to continuing full-time, $39,000 and two temporary positions for the Hackers Appeal Board, two electrical engineering technicians to be funded by redirection of funds from contractual services, $14,000 and one temporary position to prepare data for input into the management reporting systems, $63,000 for sign materials for the Sign Shop, $62,000 for sign installation materials, $72,000 for three-year life warranted lamps for the Mall Tunnel, and $20,000 for a new lighting system at the Virginia Avenue-New Hampshire Avenue underpass.

The Committee has also recommended increases of $10,000 for maintenance supplies for L'Enfant Plaza street lighting, $20,000 for open-end agreements for motor repairs, $90,000 for a large lift truck to service lighting in the Air Rights Tunnel, $70,000 for Sign Shop equipment, $18,000 for three small paint machines, $10,000 to provide portable flashing arrow boards, $16,000 for repairs to damaged traffic signal conduit, $43,000 and seven temporary full-time positions for the increase in the volume of hearings that will be generated by assumption of appeals hearings resulting from implementation of the hackers drivers record point system as mandated by the Hacker License Amendments Act of 1984, $197,000 and 14 temporary full-time positions to oversee the District's vehicle in-

spection activities, to provide supervision to the license plate assignment, record input, and license plate issuance activities, to accommodate the increase in the volume of new titles and registration transactions, $38,000 for updating street markings, $535,000 and nine temporary positions to effectively patrol the Residential Parking Permit blocks due to the proposed extended hours, $365,000 and seven temporary positions to conduct more effective towing enforcement, $3,000 for radio maintenance, $35,000 for 100 vehicle immobilization devices, and $18,000 for maintenance of parking meters.

Design, Engineering and Construction Administration.—The Committee recommends increases of $3,000 for out-of-city travel and advertising, $6,000 for book binding and rebinding and plat filing cabinets, $55,000 for computers and $34,000 for survey equipment, word processors and microfilm readers.

Also approved is a base reduction of $824,000 for nonrecurring items funded in fiscal year 1986.

WASHINGTON METROPOLITAN AREA TRANSIT COMMISSION

The Committee recommends the appropriation of $86,000 as the District's share of the Commission's operating expenses for fiscal year 1987. This allowance is $4,000 below the 1986 level.

The Commission administers and carries out the delegated powers of the Washington Metropolitan Area Transit Regulation Compact. The compact confers upon the Commission jurisdiction over the regulation and improvement of specified transportation within the metropolitan area.

WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY

The bill includes $98,500,000 for the District's share of the operating expenses and debt service for Metrorail and Metrobus operations in fiscal year 1987. This allowance reflects an increase of $2,000,000 above the 1986 level.

The Authority is responsible for operating an integrated passenger-carrying bus and rapid rail transportation system within the Washington metropolitan area.

SCHOOL TRANSIT SUBSIDY

The Committee recommends $4,150,000 for fiscal year 1987, an increase of $150,000 above the 1986 level. This program provides a subsidy for reduced fare transportation of school children who use metrobus or metrorail for educationally related transportation. The student contribution towards the fare is indexed at one-third of the regular adult peak-hour fare rounded down to the nearest nickel.

WASHINGTON CONVENTION CENTER FUND

The Committee recommends $6,261,000 for fiscal year 1987 as the general fund contribution to the Washington Convention Center. The Center's total budget of $10,607,000 consists of $4,346,000 from operating revenues and $6,261,000 from the general fund.

Oversight of the 800,000 square foot center located downtown is provided by a five-member board with an appointed general man-

ager responsible for day-to-day operations. Officials estimate that delegates attending events at the Center will spend $152 million in fiscal year 1987 and the direct tax impact on the general fund is estimated at more than $12.3 million.

Repayment of Loans and Interest

The Committee recommends approval of the budget request of $204,514,000 for fiscal year 1987. This allowance is $6,105,000 above the 1986 appropriation. The Committee's allowance consists of $201,401,000 for repayment of loans and interest on the District's long-term borrowings to finance capital construction projects; $548,000 for amortization of private hospital construction grants and $2,565,000 for amortization of Saint Elizabeths Hospital construction costs.

Repayment of General Fund Deficit

The bill includes $20,000,000 to be applied toward reducing the District's accumulated general fund deficit of $244,934,000 as of September 30, 1985. The amount recommended by the Committee consists of $8,675,000 in the District's budget request plus an additional $11,325,000 which is to be identified by the Mayor and made available through reductions in amounts included in the bill and/or from additional revenues.

Since fiscal year 1980, the city's accumulated deficit of $387.5 million has been reduced by $142.6 million or more than one-third. The Committee does not believe the deficit problem should be resolved by selling bonds. This would create a long-term liability and saddle District taxpayers with additional interest costs each year. Those interest costs could very well exceed the amount the Committee has asked the City to set aside each year for deficit reduction purposes, and would in all probability have to be paid over a much longer period of time. The District's operating budget has gone from $1,426,093,000 in fiscal year 1980 to $2,624,197,000 in fiscal year 1987, an increase of $1,198,104,000 or 84 percent. However, the amount set aside to reduce the deficit has not had the benefit of that same rate of increase.

Accordingly, the Committee is adhering to its plan as stated in last year's report (House Report No. 99-223, p. 51) and recommending the standard reduction of $20 million to be used exclusively for the reduction of the District's accumulated general fund deficit in fiscal year 1987.

The Committee notes the possibility that a reduction in the District's $425,000,000 Federal payment for fiscal year 1987 may be required under the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177, approved December 12, 1985). In light of this possibility, the Committee is recommending bill language which prohibits the District from reducing the $20,000,000 set aside for repaying the general fund deficit by a percentage rate larger than that by which the Federal payment is reduced.

The following table provides a chronology of the reductions that have been made in the District's accumulated general fund deficit since fiscal year 1980:

Short-Term Borrowings

The Committee recommends approval of $3,750,000 for interest on short-term borrowings. These funds will be used to pay interest costs as well as expenses incurred in issuing short-term revenue anticipation notes which will allow the District government to meet its seasonal cash flow financing needs.

CAPITAL OUTLAY

The total request of $365,401,000 is recommended for the city's fiscal year 1987 capital improvements program and includes $10,298,000 to be financed from current operating revenues. The allowance of $365,401,000 includes $310,551,000 and 109 projects to be funded from the general fund and $54,850,000 and ten projects from the water and sewer enterprise fund.

In an effort to improve the maintenance of school buildings, the Committee has earmarked funds and included bill language to authorize the Board of Education to contract directly for their pay-as-you-go projects, for roof replacements and for school safety and building improvements.

The Committee has also approved bill language for pay-as-you-go projects for the Department of Housing and Community Development and the Department of Human Services.

A brief explanation of the Committee's recommendations for projects financed from the general fund is provided starting below. Projects financed by the water and sewer enterprise fund are described under the water and sewer enterprise fund on pages 68 and 69 of this report. The following tabulation summarizes the amounts requested and recommended by general categories:

Commission on the Arts and Humanities.—The Committee recommends approval of $750,000 for a Public Arts Fund to finance the creation, installation, and maintenance of visual art in public places.

Department of Human Services.—Funds totaling $29,691,000 for eight projects have been approved. Included in the Committee's allowance are $3,600,000 for major facility renovations at the J.B. Johnson Nursing Center, $913,000 for handicapped code compliance, $1,280,000 for general renovations at D.C. Village, $1,100,000 for mechanical and electrical renovations at D.C. Village, $1,111,000 for District-wide plumbing renovations, $4,187,000 for general renovations to the Oak Hill Youth Center, $3,500,000 to provide a new steam plant at Saint Elizabeths Hospital and $14,000,000 for general renovations at Saint Elizabeths Hospital.

Department of Recreation.—The Committee recommends $21,745,000 for 14 projects as follows: $700,000 for partial renovations of recreation grounds and buildings where a complete renovation of a center is not necessary or cannot be scheduled within four or five years, $755,000 to renovate the Fort Stanton Recreation Center, $815,000 to renovate the Deanwood Recreation Center, $525,000 to rehabilitate the Stead Recreation Center, $6,400,000 for the development of the resident camp facilities at Scotland and Highland Beach, Maryland and $500,000 to place a permanent covering over four of the eight tennis courts at the Banneker Community Center. The Committee has also approved $1,500,000 to construct a water slide, a diving pool and a wading pool at the site of East Potomac Swimming Pool, $800,000 for the construction of a neighborhood recreation center at Knox Hill Village, $350,000 to install an elevator at the Chevy Chase Community Center, $400,000 for the renovation of portions of six recreation centers for use as day-care centers, $400,000 for an addition to the field house at the Kalorama Recreation Center to accommodate additional recreation and community activities for the Adams Morgan neighborhood, $600,000 to renovate and replace outdoor lighting at various recreation centers, $6,000,000 for a performing arts center to be located in Ward 7, and $2,000,000 for the construction of an Amphitheater in Oxon Run Park.

Office on Aging.—The Committee recommends approval of $973,000 to develop and construct a multi-purpose senior center to be located in the H Street, N.E., corridor of Ward 6 and $900,000 to

develop and contruct a multi-purpose senior center to be located in the area west of and adjacent to Rock Creek Park.

D.C. General Hospital.—The Committee recommends $325,000 to remove polychlorinated biphenyls (PCB) from hospital transformers.

Department of Public Works (Governmental Facilities). The Committee recommends $15,715,000 for eight projects. Included in this allowance are $1,250,000 for electrical modernization for various locations, $713,000 for major roof replacements at various locations, $2,500,000 for emergency mechanical, electrical, and structure renovation projects, $2,050,000 for public works support facilities, $2,538,000 for heating, ventilitation and air conditioning systems replacement, $1,164,000 for the elevator rehabilitation project, $500,000 for facility modifications that eliminate barriers to access by handicapped persons, and $5,000,000 for asbestos abatement.

Department of Public Works (Transportation)

The Committee recommends approval of $45,533,000 for 15 projects requested by the department which expects to receive $63,282,000 in Federal grants for a total budget request of $108,815,000. Included in the allowance are $8,404,000 to complete the construction of Fort Lincoln Drive and to construct Joshua Barney Drive, $470,000 to support the District' share of the Environmental Hazards Elimination project, $500,000 to install an 800 MHZ trunked two-way radio system, $1,000,000 to support the District's share for the Highway Aid Matching fund, $1,650,000 for the Emergency Communication Cable replacement project, $400,000 to support the District's share of the Downtown Street Improvement project, and $2,000,000 for the local street improvement project. The Committee also recommends approval of $350,000 to support the District's share of the traffic safety improvement project, $6,111,000 to support the District's share in new authority for the bridge replacement and rehabilitation project, $13,533,000 for resurfacing streets and highways, $350,000 to support the District's share of the cost of the Neighborhood Area Street Improvement project, $500,000 for the roadside improvement project, $2,760,000 for the roadway upgrading project, $7,005,000 for roadway reconstruction, and $500,000 for public space site improvements.

Department of Public Works (Environmental Facilities)

The Committee recommends approval of $13,330,000 for four projects as follows: $500,000 to complete a predesign plan that will examine alternatives for developing a waste-to-energy facility and determine the contracting arrangement for the facility that is most advantageous to the District, $630,000 for the relief of flooding and drainage complaints, $5,600,000 for the Capitol Hill relief sewer, and $6,600,000 to construct stormwater drainage facilities in the downtown area.

Washington Metropolitan Area Transit Authority

The Committee recommends $12,000,000 for the District's rail construction contribution.

Department of Public Works (Water and Sewer Utility Administration)

The bill includes $160,647,000 and 1,288 positions in operating expenses from the water and sewer fund for the Department of Public Works—Utility Administration. This allowance reflects an increase of $12,564,000 and 15 positions above the 1986 level.

Fiscal year 1987 pay adjustment and within-grade requirements.—The Committee recommends $1,581,000 for fiscal year 1987 pay adjustments and $140,000 for within-grade requirements.

Annualization.—The Committee recommends $880,000 for annualization of positions allowed in fiscal year 1986.

Office of the Administrator.—The Committee recommends increases of $159,000 for training funds and $13,000 and three temporary positions to establish a Water Bill Special Investigation and Appeal Unit to handle water bill complaints and problems that cannot be resolved in the Bureau of Water Measurement and Billing.

Office of the Controller.—The Committee recommends increases of $93,000 for audit services and $6,000 for office supplies and travel.

Office of Administrative Services.—The Committee recommends increases of $19,000 for motor vehicle operators grade reclassification and $187,000 for additional equipment required to meet heavy workload and storage demands.

Utility Design and Engineering.—The Committee recommends increases of $65,000 and four positions for map maintenance, $47,000 and three positions for the review and approval of water and sewer infrastructure plans, and $23,000 and one position to assist in the preparation of capital and operating budgets for the Office of Engineering Services.

Utility Construction Management.—The Committee recommends increases of $54,000 for equipment to service capital outlay and $140,000 and four positions for inspection of sewer and water infrastructures.

Water Pumping Division.—The Committee recommends increases of $17,000 for energy and $10,000 for data processing equipment.

Water Distribution Division.—The Committee recommends increases of $71,000 for equipment to service capital outlay and $215,000 and 13 temporary positions to provide for annual fire hydrant and biannual valve inspections.

Water Meter and Measurement Division.—The Committee recommends increases of $873,000 and two continuing full-time positions and 36 temporary full-time positions to complete the Meter Relocation Program and one Deputy Chief for the Meter and Measurement Program, $15,000 for travel and $25,000 for meter shop equipment.

Water Billing and Collection Division.—The Committee recommends increases of $675,000 for contractual services and $25,000 for the leak inspection program.

Sewage Pumping Division.—The Committee recommends increases of $158,000 for energy costs and Xerox equipment.

Inspection and Maintenance Division.—The Committee recommends increases of $25,000 for mobile equipment, $50,000 for refuse dumping and three temporary full-time laborers for a stream cleaning program.

Repair Division.—The Committee recommends increases of $390,000 for equipment to service capital outlay, $287,000 and seven temporary full-time positions for a building sewer repair program, $252,000 and seven temporary full-time positions for a main sewer repair program and $140,000 for the secondary sewer repair program.

Wastewater Treatment Division.—The Committee recommends increases of $605,000 for chemicals, $651,000 for energy, $108,000

for laboratory services, $125,000 for cleaning chemical/sludge systems and $69,000 for equipment.

Solids Processing Division.—The Committee recommends increases of $274,000 for energy and $97,000 for laboratory services and equipment.

Sludge Management Division.—The Committee recommends increases of $36,000 and one position to provide complete shift coverage, holidays, and leave for the sludge-weighing operation and $4,596,000 due to a change in billing procedures by the Washington Suburban Sanitary Commission for disposal of Blue Plains Sludge.

Electrical Maintenance Division.—The Committee recommends increases of $679,000 and 32 temporary full-time positions for preventive maintenance of high voltage switchgear and motor control center parts, $51,000 and four temporary full-time positions for a technical information center and a work coordination center, $250,000 for replacement of solids bearing fluid meters, $329,000 and five temporary positions for an improved maintenance program, $2,750,000 for disposal and replacement of transformers, and $200,000 for plant maintenance.

Mechanical Maintenance Division.—The Committee recommends increases of $50,000 and 32 temporary full-time positions for a preventive maintenance program, $51,000 and four temporary full-time positions for a technical information center and work coordination center, $95,000 and 15 temporary full-time positions for an improved maintenance program, and $200,000 for plant maintenance.

Debt Service.—The Committee recommends the requested increase of $1,769,000 for repayment of loans and interest to repay principal and interest costs on construction loans for water and sewer projects. The Committee has also approved base reductions of $7,055,000 as requested.

Capital Outlay.—The Committee recommends approval of the department's request of $54,250,000 for eight projects financed from the water and sewer enterprise fund. Included in the Committee's recommendations are $1,700,000 to relocate relief sewer lines in the Georgetown sewer district, $1,500,000 to initiate a systematic rehabilitation program for the Main Sewage Pumping Station, $38,430,000 for construction at the Blue Plains Wastewater Treatment Plant, $4,000,000 to replace or extend sanitary sewers, $4,300,000 for construction of secondary and trunk water mains to provide adequate water service consistent with current and projected demand and to reinforce weak points in the water distribution system, $1,050,000 to provide electric power reliability for the Fort Reno Water Pumping Station, $770,000 to replace old instrumentation at the Bryant Street and Anacostia water pumping stations and $2,500,000 to replace undersized and defective mains and hydrants to extend water service to newly developed sections.

WASHINGTON AQUEDUCT

The Committee recommends approval of the request for $16,229,000 and 275 positions for fiscal year 1987, an increase of $1,325,000 above the 1986 level. The Washington Aqueduct collects, purifies and pumps potable water for the District of Columbia, Ar-

lington County, and approximately 40 square miles of Fairfax County. The Committee's recommendation includes increases of $294,000 for fiscal year 1987 pay adjustments, $171,000 for within-grade requirements, $300,000 to meet the current cost of aluminum sulfate, $240,000 for electrical power, $9,000 for additional telephone and communication lines, $17,000 for support services provided by the Baltimore District Office, $144,000 for Regional Water Supply Agreements and $150,000 for maintenance of the distribution process control instrumentation system.

Capital Outlay.—The requested appropriation of $600,000 for two projects is approved and includes $300,000 for replacement or reconditioning of major pumps and motors at Dalecarlia Pumping Station and $300,000 to replace filter controls, pipes, and valves in the Dalecarlia Filter Building.

Lottery and Charitable Games Control Board

The Committee recommends approval of the request for $5,458,000 in non-Federal funds and 94 positions for fiscal year 1987 for the Lottery and Charitable Games Control Board. The Board is responsible for the investigation of license applicants, for inspecting licensed premises and enterprises, for public protection against fraud and deception, for regulating the conduct of charitable games, for conducting legalized lotteries and for generating revenues for the District of Columbia general fund.

Included in the Committee's allowance are increases of $99,000 for fiscal year 1987 pay adjustments, $24,000 for within-grade requirements, $134,000 for annualization of positions approved in fiscal year 1986, $148,000 for temporary employment, $40,000 for fringe benefits, $10,000 for supplies, $17,000 for electricity, $70,000 for telephone services, $500,000 for office space, $150,000 for office relocation and $115,000 for equipment rental.

Office of Cable Television

The Committee recommends $250,000 and four positions for this office which was established by D.C. Law 4-142, the Cable Television Communications Act of 1981. The office is responsible for the day-to-day oversight of the construction and operation of the District's cable system. Actual construction began on May 22, 1986 with first service to 10,000 homes scheduled for September 1986. All homes are scheduled to have cable service available within five years.

GENERAL PROVISIONS

Several general provisions are carried in the bill each year as the need warrants. Changes recommended or denied by the Committee are discussed in the paragraphs that follow:

The Committee has retained language in section 103 that requires District officials to obligate and expend the full amount appropriated for programs and activities of the Metropolitan Police Department and for repayment of the general fund deficit. The Committee expects District officials to comply fully with this language which requires the obligation and expenditure of all funds

included in the bill for the general fund deficit and the Police Department and prohibits any effort to reprogram or redirect the funds for other purposes, regardless of the circumstances.

The Committee recommends that language in section 106 of last year's appropriations bill which prohibits the installation of meters in taxicabs be deleted. A discussion of taximeters appears earlier in this report under "General Statement" on page 6.

The Committee has retained language in section 116 prohibiting the use of funds in the bill for publicity or propaganda purposes or implementation of any policy including boycott designed to support or defeat legislation pending before Congress or any State legislature.

The Committee has retained language in section 121 prohibiting the use of funds in the bill for implementation of a personnel lottery to hire police officers and fire fighters.

The Committee has not approved the request to delete section 123 which prohibits the use of Federal funds for a personal cook, chauffeur, or other personal servants for D.C. officers or employees.

The Committee has not approved the request to delete language in section 127 prohibiting the transportation of any output of the District's municipal waste system to any new landfill until the appropriate State agency has issued the required permits.

The Committee has approved the request to delete section 130 of last year's appropriations bill. Section 130 clarified the legal authority of the Public Service Commission to deregulate streetlighting and was approved as permanent legislation.

The Committee has approved the request to modify the provision to require the Mayor to send the revised FY 1987 revenue estimates to the Council 30 days after the end of the first quarter of FY 1987 instead of 60 days after the beginning of the fiscal year. The language in last year's bill appeared in section 133. The revised language is in section 130 of this year's bill.

The Committee has approved the revision of section 131 to extend until October 1, 1987 the District's authority to sell general obligation bonds through negotiations.

The Committee has approved the request to delete section 132 designating part of 15th Street, Southwest, between Independence Avenue and Maine Avenue as "Raoul Wallenberg Place". This language was made permanent law and is therefore no longer needed.

The Committee has approved the request to delete section 134 of last year's bill which limited the expenditure or obligation of contracted professional services under object class 408 to a level of $21,780,000.

The Committee has approved the deletion of section 136 of last year's bill which provided a waiver to certain District of Columbia acts authorizing the issuance, sale, and delivery of revenue bonds. This language related to fiscal year 1986 only.

PERSONAL PROPERTY TAX EXEMPTION

The Committee recommends amending the language carried in last year's bill under section 131 which exempted Members of Congress from personal property taxes on owned vehicles unless the Member represents the State or district levying the tax. The

amendment recommended by the Committee under section 129 of the accompanying bill would include leased vehicles in that exemption since some Members lease rather than own their vehicles. The amendment also clarifies the definition of personal property taxes.

As noted in last year's report, Members of Congress pay some form of tax on their automobiles in their home States, and to be subject to a tax by a jurisdiction where they are residing solely for the purpose of attending sessions of Congress results in double taxation. For example, in some States, the annual fee to register a motor vehicle is based on the value of the vehicle, so a personal property tax imposed by another State or jurisdiction would require the Member to pay an ad valorem tax on the same vehicle twice.

This exemption is similar to the income tax exemption for Members which was provided under Public Law 95-67, approved July 19, 1977, which was held constitutional in *United States* v. *State of Maryland,* 488 F.Supp. 347 (D.Md.1980). That decision relied in substantial measure on the Supreme Court's decision in *Dameron* v. *Brodhead,* 345 U.S. 322 (1953), where the Court upheld the power of Congress to prohibit application of a Colorado personal property tax to a member of the United States Air Force and Louisiana domiciliary, stationed at Lowry Air Force Base in Colorado.

DEFINITION OF PROGRAM, PROJECT, AND ACTIVITY

Should it become necessary during fiscal year 1987 to sequester new budget authority for Federal funds provided in the District of Columbia Appropriation Act, 1987, under the terms prescribed in the Balanced Budget and Emergency Deficit Control Act of 1985, Public Law 99-177, the term "program, project, and activity" shall be defined as any item specifically identified in written material set forth in enacted appropriations Acts and accompanying committee reports.

INFLATIONARY IMPACT STATEMENT

Clause 2(l)(4) of rule XI of the House of Representatives requires that each committee report accompanying a bill or resolution contain a statement as to whether enactment of the bill or resolution may have an inflationary impact on prices and costs in the operation of the national economy.

It is the Committee's considered opinion that enactment of the accompanying bill will not have an inflationary impact on prices and costs in the operation of the national economy, since the bill relates solely to the operation of the local government of the District of Columbia. The Committee recommends the appropriation of $540,880,000 in Federal funds including a Federal payment of $425,000,000 which becomes a part of local revenues from which appropriations for the operation of the City are made. The bill also includes $52,070,000 as the Federal contribution for the police officers and fire fighters, teachers and judges retirement funds, $28,810,000 in lieu of reimbursements for charges for water and sewer services provided to Federal facilities by the Washington Aqueduct and $35,000,000 for a transitional payment for Saint Elizabeths Hospital.

COMPARISON WITH BUDGET RESOLUTION

Section 308(a)(1)(A) of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that the report accompanying a bill providing new budget authority contain a statement detailing how that authority compares with the reports submitted under section 302 of the Act for the most recently agreed to current resolution on the budget for the fiscal year.

1988	
1989	
1990	
1991 and future years	

The bill provides no new revenues or tax expenditures, and will have no effect on budget authority, budget outlays, spending authority, revenues, tax expenditures, direct loan obligations, or primary loan guarantee commitments available under existing law for fiscal year 1988 and beyond.

FINANCIAL ASSISTANCE TO STATE AND LOCAL GOVERNMENTS

In accordance with section 308(a)(1)(D) of the Congressional Budget Act of 1974 (Public Law 93-344), as amended, the financial assistance to State and local governments contains Federal funding as follows:

Item:	*Recommendations*
New fiscal year 1987 budget authority	$540,880,000
Fiscal year 1987 outlays resulting therefrom	540,880,000

TRANSFER OF FUNDS

Clause 1(b), Rule X, of the Rules of the House of Representatives requires that the report include information describing the transfer of funds recommended in the accompanying bill.

There are no transfers of funds recommended in the accompanying bill.

CHANGES IN THE APPLICATION OF EXISTING LAW

Pursuant to Clause 3, Rule XXI of the Rules of the House of Representatives, the following statements are submitted describing the effect of provisions in the accompanying bill which might be construed, under some circumstances, as directly or indirectly changing the application of existing law.

1. Language is included under "Federal payment to the District of Columbia" prohibiting the payment of the Federal payment until the number of full-time uniformed officers totals 3,880 using qualification standards in effect on August 19, 1982, the date of the subcommittee's markup of the fiscal year 1983 bill.

2. Under "Governmental Direction and Support", there is language which provides that program fees collected from the issuance of bonds or other debt instruments shall be available for the payment of expenses of the District's debt management program. Section 490 of the Home Rule Charter (Public Law 93–198, as amended) authorizes the District government to issue revenue bonds for a number of specified purposes, and was amended by Public Law 95–218 specifically to enable the District government to act as a conduit for the issuance of revenue bonds for private colleges and universities. This language will allow the District government to be reimbursed for the costs of issuing bonds on behalf of third-party beneficiaries.

3. The bill includes language under "Governmental Direction and Support" appropriating funds to pay legal, management, investment and other fees and expenses of the District of Columbia Retirement Board. Section 121(f)(1) of the District of Columbia Retirement and Reform Act (Public Law 96–122) states that all administrative expenses incurred by the Board are to be paid out of funds appropriated for such purposes. The language recommended by the Committee appropriates the total amount required for the operation of the Board and specifies the amount to be derived from general fund revenues of the District government and from investment income of the pension funds. The language also clarifies that all expenses of the Board are to be paid from this appropriation. A requirement for quarterly reports as well as timely submission of budget data and audit information is also included in the language.

4. Under "Economic Development and Regulation", language requires that any profits associated with the operations of the District of Columbia Housing Finance Agency be used to reimburse the general fund for the costs involved in issuing mortgage revenue bonds. The language also provides that upon commencement of debt service payments such payments shall be deposited into the general fund.

5. Under "Public Safety and Justice," language provides an exemption for two classes of passenger motor vehicles from 31 U.S.C. 1343(c) which states, in part, that:

> (c)(1) Except as specifically provided by law, an agency may use an appropriation to buy a passenger motor vehicle (except a bus or ambulance) only at a total cost (except costs required only for transportation) that—
>
> * * * * *
>
> (C) is not more than the maximum price established by the agency having authority under law to establish a maximum price; and
>
> (D) is not more than the amount specified in a law.

The classes of motor vehicles exempted from the price ceiling are vehicles used for police, fire fighting and fire prevention activities. Because of the special requirements for those types of vehicles the costs exceed the maximum set for passenger motor vehicles for regular use.

6. Language included under "Public Safety and Justice" provides that funds appropriated for expenses under the Criminal Justice Act of 1974 (Public Law 93-412) for fiscal year 1987 shall be available for obligations incurred under that Act in each fiscal year since inception of the program in fiscal year 1975. This language is necessary due to the long time lag, for various reasons, between the time attorneys are appointed and the time vouchers are presented to the District for payment.

7. Language under "Public Safety and Justice" provides that funds appropriated for expenses under the District of Columbia Neglect Representation Equity Act of 1984 shall be available for obligations incurred under that Act in each fiscal year since inception in fiscal year 1985.

8. Language is included under "Public Safety and Justice" providing $500,000 for the Police Chief's confidential fund in fiscal year 1987 in accordance with the Police Chief's estimates.

9. Language is included under "Public Education System" authorizing the District of Columbia Public Schools to accept not to exceed 31 motor vehicles for exclusive use in the driver education program.

10. Language is included under "Public Education System" requiring the Board of Trustees of the University of the District of Columbia to establish a tuition rate for nonresident students at a level no lower than the nonresident tuition rate charged at comparable public institutions of higher education in the metropolitan area.

11. Language under "Human Support Services" allows the District to supplement its payment to Saint Elizabeths Hospital with funds received through the Federal medicaid program.

12. Under "Human Support Services," there is language providing that appropriations available solely for employees' disability compensation shall remain available until expended. 31 U.S.C. 1301(c)(2) provides in part, that:

(c) An appropriation in a regular, annual appropriation law may be construed to be permanent or available continuously only if the appropriation—

* * * * *

(2) expressly provides that it is available after the fiscal year covered by the law in which it appears.

13. Language is included under "Public Works" providing for the rental of one passenger-carrying vehicle for use by the Mayor and three passenger-carrying vehicles for use by the Council of the District of Columbia.

14. Language under "Repayment of General Fund Deficit" provides funds to reduce the District's accumulated general fund deficit. The language provides that of the $20 million, not less than $11,325,000 shall be funded and apportioned by the Mayor from amounts otherwise available to the District. The language also provides that in the event of a reduction in the Federal payment because of the Gramm-Rudman-Hollings Act (Public Law 99-177, approved December 12, 1985), the $20,000,000 set aside to reduce the deficit cannot be decreased by more than the percentage reduction in the Federal payment. The purpose of this language is to prevent the District from taking a disproportionate share of the Gramm-Rudman-Hollings cut from this account.

15. Under "Capital Outlay," there is language that provides that the amount appropriated shall remain available until expended. This language is needed to provide an exemption to 31 U.S.C. 1301(c)(2) to allow the funds to remain available beyond fiscal year 1987. The exemption is needed because of the length of time required for the design and construction of capital projects.

16. The Committee has included language under "Capital Outlay" requiring that funds appropriated for capital outlay projects shall be managed and controlled in accordance with procedures and limitations established under the financial management system and that all such funds shall be available only for the specific project and purpose intended.

17. The Committee has included language under "Capital Outlay" earmarking funds and providing contracting authority to the Board of Education for pay-as-you-go capital projects and for projects involving new roof construction and school safety and building improvements.

18. Language under "Water and Sewer Enterprise Fund" requires that the requirements and restrictions applicable to general fund capital improvement projects shall apply to projects approved under this fund.

19. Language under "Lottery and Charitable Games Enterprise Fund" requires the use of non-Federal funds to finance the operations of the Lottery Board and directs the District to identify the source of funding from its own locally-generated revenues.

20. Section 101 of the "General Provisions" requires that all expenditures for consulting services obtained through procurement contracts be open for public inspection.

21. Language under section 103 requires District officials to obligate and expend the total amounts appropriated for Repayment of

General Fund Deficit and the Metropolitan Police Department exclusively for those purposes.

22. Language under section 104 grants the Mayor the authority, within rates prescribed by Federal Travel Regulations, to establish mileage allowances for privately owned automobiles and motorcycles used for official purposes.

23. A proviso is included under section 105 of the bill permitting the Council of the District of Columbia and the local judiciary to expend funds for travel and payment of dues without authorization by the Mayor.

24. Section 106 appropriates funds for refunding overpayments of taxes collected and for paying judgments against the District of Columbia government.

25. Section 107 of the "General Provisions" provides an exemption from the requirement of section 544 of the District of Columbia Public Assistance Act of 1982, effective April 6, 1982 (D.C. Law 4-101; D.C. Code, Sec. 3-205.44).

That section states that:

> Such amount as referred to in subsection (a) of this section shall not be less than full amount determined as necessary on the basis of the minimum needs of such person as established by the Council.

Because of financing constraints, the District has regularly budgeted for a percentage of the public assistance payment standard, rather than for the full amount as required by Sec. 3-205.44 of the District of Columbia Code.

26. Language is included in section 112 of the "General Provisions" requiring the annual budget for the District of Columbia government for fiscal year 1988 to be transmitted to the Congress by no later than April 15, 1987. The District of Columbia Self-Government and Governmental Reorganization Act (Public Law 93-198) does not provide a date certain for the transmittal of budgets to the Congress.

27. Section 117 of the "General Provisions" prohibits the use of Federal funds in the bill to perform abortions except for rape, incest, or where the life of the mother would be endangered if the fetus were carried to term.

28. A proviso is included under Section 118 requiring the Mayor to develop an annual plan for borrowing capital outlay funds and to submit quarterly reports to the Council of the District of Columbia.

29. Language in section 119 of the "General Provisions" requires the Mayor to obtain approval from the Council of the District of Columbia prior to borrowing funds for capital projects.

30. Section 120 of the "General Provisions" prohibits the Mayor from paying operating expenses from funds borrowed for capital projects.

31. Section 121 prohibits the use of funds in the bill to implement a personnel lottery with respect to the hiring of fire fighters or police officers.

32. Language in section 122 prohibits the obligation or expenditure of funds by reprograming unless advance approval of the reprograming is obtained in accordance with established procedures

set forth in House Report No. 96-443 as modified in House Report No. 98-265.

33. Language in section 123 prohibits the use of Federal funds in the bill to provide a personal cook, chauffeur, or other personal servants to any officer or employee of the District of Columbia.

34. Language in section 124 prohibits the use of Federal funds in the bill to purchase passenger automobiles as defined in 15 U.S.C. 2001 with an Environmental Protection Agency estimated miles per gallon average of less than 22 miles per gallon.

35. Language in section 125 authorizes the Mayor to set the salary of the City Administrator at a rate not to exceed the maximum statutory rate established for level IV of the Federal Executive Schedule under 5 U.S.C. 5315, and provides that this salary may be payable to the City Administrator during fiscal year 1987. The language also authorizes the Mayor to set the per diem rate for board members of the Redevelopment Land Agency in the same manner consistent with his authority to set these rates for members of other boards and commissions of the District government. The Mayor does not have this authority at the present time.

36. Language under section 126 clarifies the pay setting authority for District employees as the District's Merit Personnel Act rather than title 5 of the United States Code.

37. Language in section 128 exempts the District from provisions of section 322 of the Economy Act of 1932 concerning expenditures for office leasing, alterations, improvements and repairs. This exemption was recommended by the General Accounting Office and was first carried in the fiscal year 1985 bill.

38. Section 129 amends language in last year's bill exempting Members from personal property taxes on leased vehicles unless the Member represents the State or district levying the tax. The language in last year's bill exempts owned vehicles.

39. Language in section 131 extends for one year the District's authority to sell its general obligation bonds through negotiated sales.

COMPLIANCE WITH CLAUSE 3—RULE XIII

Clause 3 of rule XIII of the Rules of the House of Representatives requires that certain information be included in the report if the accompanying bill repeals or amends any statute or part thereof.

The accompanying bill would amend section 131 of last year's bill (H.R. 3067) as enacted by reference in section 101(c) of Public Law 99-190, as follows (new matter is printed in italics, existing law in which no change is proposed is shown in roman):

> SEC. 131. (a) No State, or political subdivision thereof, in which a Member of Congress maintains a place of abode for purposes of attending sessions of Congress may impose a personal property tax with respect to any motor vehicle owned *or leased* by such Member (or by the spouse of such Member) unless such Member represents such State or a district in such State.
>
> (b) For purposes of this section—
>
> (1) the term "Member of Congress" includes the delegates from the District of Columbia, Guam, and the

Virgin Islands, and the Resident Commissioner from Puerto Rico;

(2) the term "State" includes the District of Columbia; and

(3) the term "personal property tax" means any tax imposed on an annual basis and levied on, with respect to, or measured by, the market value or assessed value of an item of personal property, *and includes any tax imposed with respect to the use or rental of a motor vehicle and levied on, with respect to, or measured by the sales price or market value of the vehicle or the gross proceeds from the rental.*

(c) This section shall apply to all taxable periods beginning on or after January 1, 1985.
